Will do. Thanks for pointing it out.

Kay

Hi Kay,

Could you please correct the spelling of a word in the docket title of DN 020164? The correct spelling is "Cedar Brakes," not "Cedar Breaks." It was incorrectly spelled in the petition. Thanks.

Thanks Rosanne! I had a few suggestions from Joe and Tim and I'll be working on those today. The petition uses Breaks incorrectly; the spelling is 'Brakes' in the Agreement. R&R used Breaks because they of course, copied the title of the petition.

Hi Judy, FYI, I have reviewed the rec. and have passed it on to MaryAnne for her review. It seems like a pretty standard QF buyout, but what do I know?! Very well written -- I had only minor suggestions, such as adding docket numbers in a few places where you cite to orders. Also, I think you'll want to search and replace "brakes" with "breaks," which is the way the name is spelled in the petition. I'll bring you our (OGC) changes as soon as I get the rec. back from MaryAnne. Thanks.
