Dear Ms. Brady:

Please allow this letter to memorialize our earlier telephone conversation wherein we discussed the Gistro Inc. request for rate adoption and approval, regarding their wastewater collection system. I have spoken to my clients, and they have approximately 27 houses under construction, with 2 slated to be completed in approximately 4 to 5 weeks. I am in the process of contacting Don Thompson, who is the attorney for BSU, but as of the date of dictating this letter, I have yet to speak with him.

Obviously, it is important, and we are willing to participate in a meeting between the State of Florida, Gistro Inc., Dan Mills, Steve Crawford, and my client. This meeting should, and needs to take place as quickly as possible, in order to avoid further judicial intervention.

Should you obtain the tariff being charged by BSU, I would appreciate you forwarding me copies of same. Furthermore, please keep me in the loop with respect to any scheduled meetings so I may advise my client immediately.

Respectfully,

A handwritten signature in black ink, appearing to read 'Michael W. Leonard', written over a horizontal line.
