Yes, we would handle it if it is a dec statement, but looking at the title my guess it is just another territorial dispute dressed up like a request for a dec statement. So I think we need to see it and read it before deciding what it is.

Will your section be handling this, if it IS a declaratory statement?

We just opened this docket. Did either of you get a copy of the petition (filed by Jim Beasley on Wed)? If so, could you take a look at the docket title in CMS to see if we have properly captured what they're after? We're categorizing it as a pet for declaratory statement. Is that correct? Will ECR be OCR on the docket?

We're going to distribute the paper copies to staff because a map was filed with the petition, and we can't scan the map.

Thanks for your help with this.
