> Docket No. 040358-SU - Application for Certificate to Provide Wastewater RE: Service in Bay County by Crooked Creek Utility Company

Dear Ms. Fleming:

On November 10, 2004, Ken Hoffman of our firm sent you a letter on behalf of Crooked Creek Utility Company ("Crooked Creek"). The purpose of Mr. Hoffman's letter was to request that Crooked Creek be granted an extension of time to comply with the two post-Order requirements imposed by Order No. PSC-04-0983-PAA-SU, issued by the Commission on October 11, 2004 in the above-referenced docket. Specifically, the requirements were that Crooked Creek: 1) file a tariff reflecting a copy of the customers' bills within 120 days of the order becoming final, and 2) file the executed and recorded copy of the warranty deed reflecting Crooked Creek's ownership of the land on which the wastewater facilities used to provide service will be situated.

CMP As set forth in the letter, the basis for the requested extension was Bay County's approval of COM a Utility System Acquisition Agreement between it and the St. Joe Company, the owner of Crooked Creek. Under that Agreement St. Joe committed to construct the Crooked Creek wastewater plant CTR facilities and Bay County agreed to acquire the facilities and operate them upon completion of ECR construction. A copy of the Agreement was included with Mr. Hoffman's November 10 letter. It is also important to note that the Commission has recently acknowledged the resolution by Bay GCL County rescinding the Commission's jurisdiction through Order No. PSC-04-1065-FOF-WS, OPC pursuant to which Crooked Creek's Certificate No. 535-S is to be canceled upon the conclusion of MMS -Docket No. 040358-SU. The understanding was that upon filing a copy of the executed Agreement with the Commission, Docket No. 040358-SU would be administratively closed and Crooked RCA Creek's Certificate would be canceled, thus obviating the need for the post-Order requirements SCR imposed by Order No. PSC-04-0983-SU. ,t,

The circumstances described above have not changed. However, it has taken longer than originally anticipated to obtain the executed Agreement from Bay County. Accordingly, we would respectfully request that the prehearing officer grant a further extension of time on the post-Order requirements. Upon execution of the Agreement between the parties, we will immediately file a copy with the Commission so that Docket No. 040358-SU can be concluded.

Thank you for your continued assistance in this regard. Should you have any questions or need any additional information, please do not hesitate to give me a call.

Sincerely,

Stephen Menton
