Re: BellSouth Request for Confidential Classification of Document No. 04030-05 in Docket No. 040130-TP (x-ref. DN 03959-05)

Dear Mr. Meza:

This letter is with regard to BellSouth's request for confidential classification of Document No. 04030-05, pursuant to Rule 25-22.006(4), Florida Administrative Code, in Docket No. 040130-TP. BellSouth claims that the entire 83-page document is confidential. A review of the document shows that pages 3, 16, 38, 40, 41, and 63 contain letters and emails with little substantive information. Pages 2, 4, 18, 21, 34, 39, 42, 54, 60-62 and 64 contain a few numbers that may be confidential, but could be highlighted to indicate confidentiality. The remaining pages include a substantial amount of potentially confidential information; however, there are portions such as header rows and other information that do not appear to be confidential.

This document has been entered into the hearing record for this docket and may be relied upon for the staff recommendation and subsequent Commission order. Therefore, it is desirable to keep the amount of sealed information to a minimum. Additionally, the rule requires a justification by page and line for confidential treatment. To obtain the appropriate confidential classification, it is necessary for BellSouth to provide a more clear, detailed justification. Please remedy the deficiencies detailed here within 28 calendar days of the filing of the original request for confidentiality, or by May 23, 2005. If a conforming response is received by that date, an order will be issued either approving or denying the request for confidentiality, as appropriate. If you have any questions, please contact me at (850) 413-6554.
