Request for approval of adoption of existing interconnection,
unbundling, resale, and collocation agreement between
BellSouth Telecommunications, Inc. and AT&T
Communications of the Southern States, LLC by Nigerian-
American Investment Corporation d/b/a NAIC
Telecommunications**

Dear Ms. Bayó:

In reliance on the letter of April 26, 2005 from Nigerian-American Investment Corporation ("NAIC") in the above captioned docket, a copy of which is attached hereto, BellSouth will withdraw its Motion to Reopen the Docket. This withdrawal is based on the fact that NAIC has no customers and has expressly stated that if it becomes operational and adds customers in the future, it has no plans to order services under the now-expired AT&T agreement.

Copies have been served to the parties shown on the attached Certificate of Service.

Sincerely,

Nancy B. White

Dear Ms. Bayó:

This letter is in response to a request from staff on the status of NAIC's operations. NAIC continues to be non-operational, as it has remained since its certification, and has made no attempt to order any services - ever - from the now-expired AT&T agreement. As explained previously, NAIC adopted this agreement in its entirety, as it is entitled to do under the Telecommunications Act of 1996¹, merely as a placeholder until it decided in what direction to take its telecommunications business.

NAIC fully understands that, as it becomes operational, it will not be able to order services under an expired agreement and will have to adopt a new contract, with or without BellSouth's "permission." NAIC hopes BellSouth will show more prudence then and actually wait until the agreement is attempted to be used before it wastes any more valuable Commission resources.

If you need further information, please do not hesitate to contact me.

Sincerely,

Andrew Osolase
President
