

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Petition for expedited review of NXX-X code denial by North American Numbering Administration in Tallahassee exchange, by Sprint-Florida, Incorporated.

DOCKET NO. 050407-TL  
ORDER NO. PSC-05-0705-PAA-TL  
ISSUED: June 29, 2005

NOTICE OF PROPOSED AGENCY ACTION ORDER  
DIRECTING NANPA TO PROVIDE SPRINT-FLORIDA, INC.  
WITH A NXX-X CODE

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

BACKGROUND

On June 2, 2005, Sprint-Florida, Inc. (Sprint) submitted an application to the North American Number Pooling Administrator (Neustar) for additional numbering resources in the Tallahassee rate center, Calhoun Street (TLHSFLXADSO) switch, specifically one whole NXX to meet the needs of a specific customer.

On June 2, 2005, Neustar denied the request for a NXX code for the Calhoun Street (TLHSFLXADSO) switch because the company had not met the utilization criteria currently required to obtain a growth code. On June 10, 2005, Sprint filed a petition for expedited review of Neustar's denial of its application.

We are vested with jurisdiction pursuant to Sections 364.01 and 364.16(4), Florida Statutes, and 47 U.S.C. §151, and 47 C.F.R. §52.15(g)(3)(iv).

### ANALYSIS

Prior to March 31, 2000, carriers submitting an application for a growth code had to certify that existing codes associated with that switch, Point of Interface (POI), or rate center would exhaust within 12 months. In jeopardy Numbering Plan Areas (NPAs), applicants seeking a growth code had to certify that existing NXX codes would exhaust within six months.

Pursuant to Order No. FCC 00-104<sup>1</sup> applicants must now show the MTE criteria by rate center instead of by switch, and have no more than a six-month inventory of telephone numbers. Pursuant to 47 C.F.R. § 52.15(g)(3)(iii):

All service providers shall maintain no more than a six-month inventory of telephone numbers in each rate center or service area in which it provides telecommunications service.

We believe that the new MTE criteria creates a disadvantage for carriers with multiple switch rate centers because it is now based on rate centers, rather than switches. One switch in a multiple-switch rate center may be near exhaust while the average MTE for the rate center is above six months, thus preventing a carrier from obtaining a growth code for the switch near exhaust.

We conclude that the code denial also poses a possible barrier to competition. A customer desiring service from one company may have to turn to another carrier simply because Sprint cannot meet the MTE rate center requirement. Another carrier who may have just one switch in the rate center, would have an advantage and may be able to obtain a growth code to provide the service. In Order No. DA 01-386<sup>2</sup>, the FCC stated:

Under no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.

A procedure is available to carriers who are denied growth codes because of the rate center MTE requirement. Addressing NXX growth code denials, 47 C.F.R. § 52.15(g)(3)(iv), states, in part:

The carrier may challenge the NANPA's decision to the appropriate state regulatory commission. The state regulatory commission may affirm or overturn the NANPA's decision to withhold numbering resources from the carrier based on

<sup>1</sup>Report and Order, CC Docket No. 99-200, In the Matter of Number Resource Optimization, Order No. FCC 00-104 (March 31, 2000)

<sup>2</sup>DA 01-386, CC Docket No. 99-200, CC Docket No. 96-98, In the Matter of Numbering Resource Optimization, Implementation of the Local Competition Provisions of the Telecommunications Act of 1996 (February 14, 2001)

its determination of compliance with the reporting and numbering resource application requirements herein.

In processing the company's petition as contemplated by 47 C.F.R. § 52.15(g)(3)(iv), we have required the company to provide this Commission with the following:

- 1) The customer's name, address, and telephone number.
- 2) The utilization thresholds for every switch in that particular rate center where additional numbering resources are sought.
- 3) The MTEs for every switch in that particular rate center where additional numbering resources are sought.

Upon consideration of the information provided, it has been determined that the company has met the following criteria:

1. The carrier has demonstrated that it has a customer in need of immediate numbering resources;
2. The carrier has shown that it is unable to provide services to a potential customer because of Neustar's denial of the numbering resources; and
3. A potential customer cannot obtain service from the provider of his/her choice because the carrier does not have the numbers available.

#### CONCLUSION

Based on the foregoing, we find it appropriate to overturn Neustar's decision to deny a growth code, and direct Neustar to provide Sprint with a growth code for the Calhoun Street (TLHSFLXADSO) switch as soon as possible to meet the needs of a specific customer.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the North American Number Pooling Administrator (Neustar) shall provide Sprint-Florida, Inc. with one whole NXX for the Calhoun Street (TLHSFLXADSO) switch in the Tallahassee rate center as soon as possible. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Director, Division of the Commission Clerk and Administrative Services, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. It is further

ORDERED that in the event this Order becomes final, this Docket shall be closed.

By ORDER of the Florida Public Service Commission this 29th day of June, 2005.

BLANCA S. BAYÓ, Director  
Division of the Commission Clerk  
and Administrative Services

( S E A L )

JPR

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing that is available under Section 120.57, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Director, Division of the Commission Clerk and Administrative Services, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on July 20, 2005.

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.
