We received an IXC registration yesterday from Cinergy Telecommunications, Inc. in Miami, which we assigned Docket No. 050144-TI.

Today we received a nearly identical filing, the same except this one had a cover letter. Before we realized it was identical, however, we assigned another docket number and entered it in CMS.

We're confirmed with the company that the second was a duplicate. They are going to send a letter to that effect. When we get it, we'll close 050147 as opened in error.

No company code will be assigned to the second app.
