Re: Docket No. 060246-WS - Application for an increase in water and wastewater rates in Polk County by Gold Coast Utility Corp.

Dear Mr. Friedman:

We have reviewed the responses to the deficiency letter submitted on behalf of Gold Coast Utility Corp. (Gold Coast or utility). After reviewing this information, we find the utility has satisfied all of the deficiencies except the specific requirement of Rule 25-30.440(1)(b):

Rule 25-30.440, FAC, requires that each utility applying for a rate increase shall provide two copies of the following engineering information to the Commission, with the exception of item (1) of which only one copy is required

- CMP _____
- COM _____
- CTR _____
- ECR _____
- GCL _____
- OPC _____
- RCA _____
- SCR _____
- SGA _____
- SEC _____
- OTH _____

1. Rule 25-30.440(1), FAC, requires the utility to provide a detailed map, (b) the location and respective classification of the applicant's customers. The map submitted by the utility does not show the location and respective classification of the applicant's customers.

Your petition will not be deemed filed until the deficiencies identified in this letter have been corrected. These corrections should be submitted no later than November 7, 2006.

Sincerely,

Timothy Devlin
Director
