Based on this e-mail, I will change the docket title as you have requested below.

I've not seen the CASR -- petition filed late yesterday by TECO for ".....extension of price responsive load management ..." etc. Could we use the phrase " for approval of extension and permanent status of price responsive ..." in the title?

There will not be a need to handle two dockets, so I want the permanent part to be included in the title. Thanks again

I assume you're talking about Docket 070056-EG? If so, how would you like the title to read, specifically?

When we do the docket for the Jan 17 TECO filing, could the title reflect that TECO plans to make the Residential Price Responsive program permanent? I expect to do the extension and permanent in a single docket number.. thanks
