DOCKET NO. 070001-EI
ORDER NO. PSC-07-0549-CFO-EI
ISSUED: June 29, 2007

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01902-07)

On March 1, 2007, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") filed a request for confidential classification for portions of short term capacity payment information provided on page 8 of Appendix II, Schedule A12, of the prefiled direct testimony of FPL witness Korel M. Dubin, dated March 1, 2007 (Document No. 01902-07).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

FPL contends that the identified information falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL requests that the following information be granted confidential classification:

FPL contends that portions of this information relates to supplier-specific contract pricing for short-term capacity purchases, the disclosure of which would impair the efforts of FPL or its affiliates to contract for capacity on favorable terms. FPL also argues the information relates to the competitive interests of FPL when purchasing capacity at competitive prices. FPL states the information also relates to the competitive interests of FPL's suppliers' of capacity. The disclosure of this information would impair FPL's ability to acquire capacity at competitive prices and FPL's suppliers' competitive businesses would also be impaired, according to FPL.

Upon review, it appears that the above-referenced information contained on page 8 of Appendix II, Schedule A12, of the prefiled direct testimony of Ms. Dubin, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," or "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Florida Power & Light's Request for Confidential Classification of Document No. 01902-07 is granted. It is further

ORDERED that the information in Document No. 01902-07 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 29th
day of June, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer
