COMMISSION
CLERK

Re: Docket No. 030106-SU - Application for staff assisted rate case in Lee County by Environmental Protection Systems of Pine Island, Inc.

Dear Mr. Rice:

We have reviewed your e-mail of September 25, 2007 in which you asked for a clarification of the recent refund ruling by the Commission. Rule 25-30.360(3) states in part, "...when the refund is not related to specific rate changes, such as a refund for overearnings (emphasis added), the refund shall be made to customers of record as of a date specified by the Commission."

The Final Order in this docket, Order No. PSC-07-0798-AS-SU, has been issued with the effective date of October 1, 2007. One change in this Final Order is that no Consummating Order was necessary; therefore the effective date for refund eligibility is October 1, 2007. I have enclosed a copy of this order for your review.

I hope this explanation clarifies the refund procedure for you and members of your homeowners association. However, if you have additional questions, please call me at (850) 413-6934.

Sincerely,

Handwritten signature of Troy Rendell.
Troy Rendell
Public Utilities Supervisor

ORDER APPROVING PROPOSED SETTLEMENT

BY THE COMMISSION:

BACKGROUND

Environmental Protection Systems of Pine Island, Inc. (EPS or utility) is a Class C wastewater utility serving approximately 462 customers in Cherry Estates and R.V. Park in St. James City, which is located at the southern end of Pine Island, approximately 30 miles from Fort Myers. On January 30, 2003, EPS filed an application for a staff-assisted rate case (SARC). By Order No. PSC-03-1119-PAA-SU (SARC Order), we approved the utility's current rates, charges, and rate base on October 7, 2003.¹ A portion of the approved rate base included pro forma additions to plant.

Prior to filing its rate case in 2003, the Florida Department of Environmental Protection (DEP) renewed EPS's operating permit. However, the DEP advised the utility that future renewals could be in jeopardy due to the environmentally sensitive location of the utility's plant. Due to the advanced age of the facility, it appeared likely that DEP would require costly repairs and replacements before any additional operating permits would be granted.

At the time the utility filed its SARC, it considered two options in determining the most prudent and cost effective method of meeting future requirements. These options were to interconnect with Pine Island Regional Treatment System (PIRTS), or to construct a new wastewater treatment facility off-site. In the SARC Order, we calculated the revenue requirement for each option, and determined the interconnection to the county facility was the most prudent and cost effective option. EPS reached an agreement with Lee County Utilities whereby EPS's treatment facility would be taken off line and EPS would interconnect with PIRTS.

¹ Order No. PSC-03-1119-PAA-SU, issued October 7, 2003, in Docket No. 030106-SU, In re: Application for staff-assisted rate case in Lee County by Environmental Protection Systems of Pine Island, Inc.

At the time of the rate case, the utility expected to interconnect with PIRTS four to six months after we approved its rate increase. As construction had not begun on the facilities needed to interconnect, the SARC Order was based on the necessary projected plant, retirements, cost of removal and expenses to interconnect. In Order No. PSC-03-1119A-PAA-SU (Amendatory SARC Order),² we required the utility to complete the construction and interconnection within nine months of the issuance date of the Consummating Order, i.e., August 10, 2004. According to the utility, it encountered many problems and delays and the interconnection did not occur until September 20, 2005.

By letter dated November 16, 2004, the utility agreed to hold revenues from the date of the Order subject to refund pending a true up of the actual construction costs versus the projected costs in the Order. By Order No. PSC-07-0426-PAA-SU (Refund Order), issued May 15, 2007, we ordered the utility to make certain refunds of revenues collected since the company failed to place the interconnect facility in service in the projected timeframe. We ordered refunds that covered the period from November 15, 2003, through the date rates were changed.

On June 1, 2007, the utility filed a timely protest of the Refund Order. On June 19, 2007, the utility submitted its initial Settlement Proposal (Initial Proposal). On July 20, 2007, after additional discussions with Commission staff, the utility submitted a revised Settlement Proposal (Revised Proposal), appended as Attachment A.

We have jurisdiction pursuant to Section 367.0814, Florida Statutes.

APPROVAL OF PROPOSED SETTLEMENT

As discussed in the case background, the utility was required to complete a pro forma interconnection project within nine months of the issuance date of the Consummating Order. In the Amendatory SARC Order, we specified that the docket remain open pending our staff's verification that the utility completed the pro forma interconnection. The utility provided cost verification of the completed items.

According to the utility, numerous problems and delays prevented the interconnection from occurring in the time period set out in the Amendatory SARC Order. The tariffs implementing the rate increase to recover the interconnection costs were effective November 15, 2003; however, the interconnection did not occur until September 20, 2005. Therefore, from November 15, 2003, through September 20, 2005, customers paid for costs the utility had not incurred. In addition, actual costs for the project were less than the costs projected in the rate case. Thus, we found that refunds to customers and a rate reduction were necessary. The following is a comparison of Commission-approved pro forma plant and actual costs:

² Order No. PSC-03-1119A-PAA-SU, issued November 10, 2003, in Docket No. 030106-SU, In re: Application for staff-assisted rate case in Lee County by Environmental Protection Systems of Pine Island, Inc.

	<u>Per Order</u> <u>12/31/2003</u>	<u>Actual</u> <u>12/31/2006</u>	<u>Difference</u>

COST OF REMOVAL included in Early Loss calc	<u>30,237</u>	<u>30,700</u>	<u>463</u>
TOTAL	\$869,715	\$797,145	(\$72,570)

Previous Commission Action

Pursuant to the Refund Order, we identified three periods of time over which refunds shall be calculated: (1) November 15, 2003, through August 4, 2004; (2) August 5, 2004, through December 31, 2004; and (3) January 1, 2005, through the date rates are changed. These timeframes are discussed in more detail below.

November 15, 2003 – August 4, 2004: During this period, little if any construction had taken place on the interconnection. Thus, from November 15, 2003 through August 4, 2004, the utility collected revenues to which it was not entitled. In the SARC, we approved the revenue requirement impact of the interconnection in the utility's rates. However, in the Refund Order, adjustments to the utility's revenue requirement were necessary because the SARC contemplated the interconnection would be complete by August 10, 2004. Because the interconnection was not completed by that time, the utility continued to operate its treatment facilities. We reversed certain operation and maintenance (O&M) adjustments that were made in the SARC to the projected 2003 test year. This included a new expense for purchased wastewater treatment, and excluded certain O&M expenses that would no longer be incurred by the utility after the interconnection was completed. The resulting revenue requirement impact is \$107,112. In the SARC, the approved wastewater rates were designed to recover \$230,802. Therefore, we calculated a refund to customers of 46.41 percent ($\$107,112/\$230,802$) of revenues collected between November 15, 2003, and August 4, 2004.

To evaluate the effect the refunds would have on the utility's 2004 and 2005 earnings, our staff analyzed EPS's annual reports. Adjustments to amounts in the annual reports were made consistent with the utility's rate case. Based on the analysis in the Refund Order, the utility overearned by 35.64 percent in 2004. Therefore, we ordered the utility refund to customers 35.64 percent of revenues collected between November 15, 2003, and August 4, 2004.

August 5, 2004 – December 31, 2004: Invoices indicated that from August 5, 2004, the utility began spending substantial amounts for the interconnection project. However, the cost of the project was less than what we approved. Further, during this time, the interconnection still was not completed, so the same O&M adjustments discussed above were made to this time period. In the Refund Order, we calculated the difference between the revenue requirement impacts projected in the SARC and the actual costs. We also made the reversing adjustments described above. The resulting revenue requirement impact was \$20,714. In the SARC, the approved wastewater rates were designed to recover \$230,802. Therefore, we ordered that the utility refund to customers 8.97 percent ($\$20,714/\$230,802$) of revenues collected between August 5, 2004 – December 31, 2004.

Thus, by approving December 31, 2004, as the ending date for the 8.97 percent refund, we allowed the full nine months for completion of the project (the interconnection occurred on September 20, 2005, nine months after December 31, 2004).

January 1, 2005 – Date Rates are Changed: As stated above, the utility interconnected with PIRTS on September 20, 2005. Because the actual cost of the interconnection was less than the amount projected in the rate case, we found that the utility was collecting more in rates than is fair and just. Since the interconnection had occurred, no reversal of the O&M adjustments was made. As a result, we calculated the difference in the revenue requirement impact of the interconnection approved in the rate case of \$97,401 and the actual costs incurred by the utility of \$86,398. The resulting \$11,003 was divided by the total revenue requirement from the rate case of \$230,802 to produce 4.77 percent. Therefore, we ordered that the utility refund to customers 4.77 percent of revenues collected between January 1, 2005, and the date rates are changed.

Settlement Offer

On June 1, 2007, the utility filed a timely protest of the Refund Order. On June 19, 2007, the utility filed its Initial Proposal. In its Initial Proposal, the utility indicated that the refund amounts were overstated because the wastewater rate base was understated for the test year ending December 31, 2006. Further, the utility stated that the amounts included as salary expense were in error, and the refund based on a period by period case was also erroneous.

After further discussions with our staff, the utility filed its Revised Proposal on July 20, 2007. The Revised Proposal addressed only the reduction to salary expense. The adjustments previously ordered by this Commission and the utility's Revised Proposal is shown below:

<u>Period</u>	<u>% Reduction per PAA Order</u>	<u>% Reduction per Settlement</u>
11/15/03-8/04/04	35.64	20.79
8/05/04-12/31/04	8.97	1.03
1/01/05-8/01/07	4.77	0.00

In the SARC Order, we calculated salary expense for the utility's two employees based on duties and responsibilities and the amount of total work hours related to EPS. Based on these calculations, Salaries and Wages-Officers was reduced.

The utility states that the salaries expense reported in its Annual Report includes the salary amounts approved in the SARC Order, as well as, the amount of benefits expense and payroll taxes. As a result, the salary account was overstated, as these expenses should have been included in Employee Pensions and Benefits, and Taxes Other than Income, respectively. In the Refund Order, our reduction of salary expense had the effect of removing the utility's total expense for pensions and benefits and taxes other than income, as well as the salary of a new employee.

The utility believes the reductions were excessive since the amount reported as salary expense actually includes an amount of benefit expense previously approved by this Commission in the SARC Order. Further, the utility indicated that we failed to address the appropriate amount of payroll taxes in our SARC Order. We reviewed the actual amount of salaries, benefits, and payroll taxes incurred by the utility, as well as the utility's calculations, and agree with the Revised Proposal. If our staff had initially been made aware of the utility's errors in booking the pensions and benefits, and taxes other than income expenses, our staff would not have recommended the adjustment to salaries which were approved in the Refund Order. As a result of this recalculation, we find it is appropriate to increase the utility's revenue requirement.

A number of customers have expressed concern over the proposed settlement and do not believe we should reverse our decision or the amount of the refund. We understand these concerns; however, if the salary adjustments had not been made in the Refund Order, the utility would not have filed its protest. Additionally, the extra rate case expense that would be incurred if this protest proceeded to hearing could lower or even eliminate the refunds.

Based on the above, we find that the settlement is fair, just, reasonable, and furthers the goal of administrative efficiency. We therefore approve the attached Revised Proposal as being in the public interest, and order the utility to refund the percentage reductions indicated in the table above.

The refunds shall be made within 90 days of the date this Order issues, and include interest as required by Rule 25-30.360(4), F.A.C. The utility shall submit the proper refund reports pursuant to Rule 25-30.260(7), F.A.C. The refund shall be made to customers of record as of the date this Order issues, pursuant to Rule 25-30.360(3), F.A.C. The utility shall treat any unclaimed refunds as CIAC pursuant to Rule 25-30.360(8), F.A.C. In no instance shall the maintenance and administrative costs associated with a refund be borne by the customers. These costs are the responsibility of, and shall be borne by the utility.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the revised settlement proposal filed by Environmental Protection Systems of Pine Island, Inc., is in the public interest and is hereby approved. The utility shall refund the percentage reductions set forth in the revised settlement proposal. It is further

ORDER NO. PSC-07-0798-AS-SU
DOCKET NO. 030106-SU
PAGE - 6 -

ORDERED that the refunds shall be made within 90 days of the date this Order issues, and include interest as required by Rule 25-30.360(4), F.A.C. The utility shall submit the proper refund reports pursuant to Rule 25-30.260(7), F.A.C. The refund shall be made to customers of record as of the date this Order issues, pursuant to Rule 25-30.360(3), F.A.C. The utility shall treat any unclaimed refunds as CIAC pursuant to Rule 25-30.360(8), F.A.C. In no instance shall the maintenance and administrative costs associated with a refund be borne by the customers. These costs are the responsibility of, and shall be borne by the utility. It is further

ORDERED that this docket shall remain open for our staff's verification that the appropriate refund has been completed. Once these actions are complete, this docket shall be closed administratively.

By ORDER of the Florida Public Service Commission this 1st day of October, 2007.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.

In re: Application for staff-assisted
rate case in Lee County, Florida by
ENVIRONMENTAL PROTECTION
SYSTEMS OF PINE ISLAND, INC.

DOCKET NO. 030106-SU

ENVIRONMENTAL PROTECTION SYSTEMS OF PINE ISLAND, INC.'S
REVISED SETTLEMENT PROPOSAL

Applicant, ENVIRONMENTAL PROTECTION SYSTEMS OF PINE ISLAND, INC. ("EPS" or "Utility"), by and through its undersigned attorneys, files this Revised Settlement Proposal with regard to its Petition on Proposed Agency Action protesting Order No.: PSC-07-0426-PAA-SU.

1. In all years salary expense per the Utility was reduced by payroll taxes and benefits. The Utility added the benefits and salary allowed per the staff assisted rate case and added the payroll taxes to that amount. In a Subchapter "S" Corp, benefits to a 2% or more stockholder are considered salary and must go on W-2. The amount of payroll taxes of \$5,220 was left out of the Staff Assisted Rate Case so EPS added it as salary expense. This should have been posted as taxes other than income.

2. The following is a summary of the effect of this adjustment which is a reduction in the refund due EPS customers:

Period	% Reduction per PAA Order	% Reduction per Settlement Offer
11/15/03 - 8/04/04	35.64	20.79
8/05/04 - 12/31/04	8.97	1.03
1/01/05 - 8/01/07	4.77	-0-

In addition, EPS requests no adjustment to its current rates since it is not over earning on a prospective basis.

Respectfully submitted this 19th day of

Dear Mr. Pequegnat:

Thank you for your e-mail dated September 1, 2007 in which you expressed your concerns about the required rate reduction and rebate for Environmental Protection Systems of Pine Island, Inc. (EPS). To ensure that the Commission staff and the Commissioners have knowledge of your concerns, your e-mail has been placed on the correspondence side of the docket file for all to review.

We understand your concerns regarding the rebate and rate reduction for EPS and appreciate you taking the time to express them to us. Customer comments are an essential part of the Commission's evaluation of the utility.

If you have any additional questions or require further assistance regarding this matter, please contact me at (850) 413-6844, or Troy Rendell at (850) 413-6934.

Thanks,

RE: Order o. PSC-07-0426-PAA-Su

As a homeowner affected by your recent ruling concerning EPS of Pine Island, Inc.,

I wish to express my concern about the recent appeal for "settlement".

I see no reason for the Commission to completely reverse its responsible ruling on behalf of the hundreds of affected homeowners.

Granting a utility permission to invoice for services not rendered is wrong.

We are grateful for the concern of the commissioners.

Some years ago when we began paying this large fee it may have been to pay for

the sewer pipe to Cherry Estates from Stringfellow Rd.. However the over-high monthly fee has continued to the present, including another period when we were not yet using this facility.

RE: Order No. PSC-07-0426-PAA-Su

As a homeowner affected by your April ruling concerning EPS of Pine Island, Inc., I wish to express my concern about the recent appeal for "settlement". I see no reason for the Commission to reverse its responsible ruling on behalf of the hundreds of affected homeowners. Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate.

After reading the transcription of the April 24, 2007 hearing it seems that a pattern of inaction by EPS is being repeated by Cherry Estates, Inc. (a sister company). Road repairs that have been necessary for as long as two years continue to remain neglected in spite of the monies collected annually providing for those very repairs. The excuse is the same as the one used in testimony to your commission, "can't find a contractor willing to do the work". During this period of a slowdown in the construction industry, this argument seems to lack credence just as it did with EPS. In the meantime, the cost to repair the roadway escalates exponentially because of deterioration that seemingly could have easily been avoided with more prompt action.

Additionally, many owners within our community express skepticism about the original EPS filing and the stated expenses used to justify the utility rates. FYI multiple companies share the same address as EPS, formerly shared the same employees, and the office equipment listed as a cost basis for EPS. Currently it seems there are only two individuals; Kevin Cherry and his sister, Susan, co-owners of the multiple corporations. No other employees of EPS or any of the other owned corporations have appeared for quite some time.

Dear Ms. Somers:

Thank you for your letter dated July 24, 2007 in which you expressed your concerns about the required rate reduction and rebate for Enviromental Protection Systems of Pine Island, Inc.(EPS). To ensure that the Commission staff and the Commissioners have knowledge of your concerns, your letter has been placed on the correspondence side of the docket file for all to review.

We understand your concerns regarding the rebate and rate reduction for EPS and appreciate you taking the time to express them to us. Customer comments are an essential part of the Commission's evaluation of the utility.

If you have any additional questions or require further assistance regarding this matter, please contact me at (850) 413-6844, or Troy Rendell at (850) 413-6934.

Sincerely

Jared Deason

Re: Dockets #030206-SU and 04473-07

Gentlemen:

I just learned that Kevin Cherry is appealing your charges that he is overcharging residents of Cherry Estates mobile home park in St. James City, Florida for use of the county sewer system and that he did so for at least one year before we were even connected to the service.

I am on a limited income, as are many residents in Cherry Estates. There are months when I don't use the minimum amount of water - on which the sewer fee is based - and still am charged the base price of \$24.64. Many of the residents do not live in their properties during the summer but are still billed the \$24.64 base fee. This is just one of the problems we are having with Kevin Cherry's management of the park.

Thank you for finding Kevin Cherry guilty of these acts for which he was charged. I hope now you will follow through and see that the residents receive refunds of these overcharges. Many of our residents are elderly and monthly credits or refunds to our accounts should not be a consideration.

Sincerely,

Joyce Somers

Dear Mr. Jared Deason and PSC Commissioners

RE: Order No. PSC-07-0426-PAA-Su

As a homeowner affected by your recent ruling concerning EPS of Pine Island, Inc., I wish to express my concern about the recent appeal for "settlement". I see no reason for the Commission to reverse its responsible ruling on behalf of the hundreds of affected homeowners. Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate. Cherry Estates has a long history of not fulfilling its responsibilities. A complete review of the regulatory application they submitted would disclose some very suspicious accounting applications. Now they are attempting to take money that does not belong to them. It is wrong and should not be allowed to happen. I know they are having serious financial problems but that is not the fault of the residents or their responsibility.

Sincerely

William and Joyce Plechaty

Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate.

The residents of Cherry Estates are mostly retired and are not accustomed to fighting for our rights any more. EPS (Kevin Cherry) has been abusing his power over us for years. We need someone in your position to help us get a fair deal. The sewer rates in this part of Florida are quite a bit lower than what we are paying now.

RE: Dockets Numbered 030106-SU & 04473-07
Respectively E.P.S. of Pine Island

Gentlemen:

The purpose of my letter is to ask you not to approve Kevin Cherry's appeal to your ruling in Docket #030106-SU. Kevin Cherry has been charging we residents of Cherry Estates for the usage of the county sewers for one year prior to having us hooked-up to the county sewer system. Mr. Cherry has been overcharging we residents for the service once we had been hooked-up and is still doing so at this time. Your finding was appropriate and correct. Please do not grant his appeal in this matter.

Our sewer bill was approximately \$150.00-\$175.00 A YEAR for using his sewer plant. With the new rates he has imposed on us we can owe as much as \$100.00 PER MONTH for water going into the county sewer pipes. I have never paid \$100.00 a month for using a county sewer system in any town I have ever lived in. My bill was approximately \$65.00 FOR THREE MONTHS.

The reason Mr. Cherry found it necessary to hook up to the county system is because he wants to further develop our subdivision, and his system has not been up to code for _____ years and could not handle the added burden, he chose to hook-up to the county system, rather than expand our facility and bring it up to code. As with everything else Mr. Cherry has wanted to do is for his sole benefit, he has defrauded we residents to finance it. This is just but one instance where we residents have been paying for services not received.

re: Docket numbers: 030106-54; 04473-07
Concerning: EPS of Pine Island

I am a homeowner in Cherry Estates affected by your recent rulings concerning EPS of Pine Island, Inc. The commission had ruled Kevin Cherry and the EPS of Pine Island, Inc. guilty on multiple infractions and levied fines and instructed that our sewer rates be lowered. I feel that the original findings are correct and appropriate. I am concerned about the recent appeal by EPS of Pine Island, Inc. I think there is no reason to reverse the original findings. He is guilty of these violations and should be held responsible for them. His appeal is without merit and the findings should remain in effect. Your consideration in this matter is greatly appreciated.

I sent a letter to the commission dated July 6, 2004 in which I first protested the way Mr. Cherry was using us in this matter (Complaint #609210W), only to receive a reply which in essence said we have received your letter, thanks for writing, but we aren't going to look into this or help you at all.

I was very gratified by your ruling this year that did finally address this matter in a fair and honorable way. Please do not fail us again by granting his appeal.

Your consideration in the matter is greatly appreciated.

Re: Dockets #030106SU and 04473-07

Concerning: EPS of Pine Island

As a homeowner affected by your recent ruling concerning EPS of Pine Island, Inc., I wish to express my concern about the recent appeal for "settlement". I see no reason for the Commission to reverse its responsible ruling on behalf of the hundreds of affected homeowners. Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate.

Thank you.

Sincerely,

Mary K. Wickham

Re: Order No. PSC-07-0426-PAA-SU

Dear Mrs Von Burg:

Thank you for your letter dated July 24, 2007 in which you expressed your concerns about the required rate reduction and rebate for Enviromental Protection Systems of Pine Island, Inc.(EPS). To ensure that the Commission staff and the Commissioners have knowledge of your concerns, your letter has been placed on the correspondence side of the docket file for all to review.

We understand your concerns regarding the rebate and rate reduction for EPS and appreciate you taking the time to express them to us. Customer comments are an essential part of the Commission's evaluation of the utility.

If you have any additional questions or require further assistance regarding this matter, please contact me at (850) 413-6844, or Troy Rendell at (850) 413-6934.

Sincerely,

A handwritten signature in black ink, appearing to read "Jared Deason".

AS A HOMEOWNER AFFECTED BY YOUR RECENT RULING CONCERNING EPS OF PINE ISLAND INC., I WISH TO EXPRESS MY CONCERN ABOUT THE RECENT APPEAL FOR SETTLEMENT. I SEE NO REASON FOR THE COMMISSION TO REVERSE ITS RESPONSIBLE RULING ON BEHALF OF THE HUNDREDS OF AFFECTED HOMEOWNERS. GRANTING A UTILITY PERMISSION TO INVOICE FOR SERVICES NOT RENDERED IS REPREHENSIBLE, AND I COMMEND YOUR RULING AFFIRMING THAT IT IS INAPPROPRIATE.

RE: Order No. PSC-07-0426-PAA-Su
Docket 030106

As a homeowner affected by your recent ruling concerning EPS of Pine Island, Inc., I wish to express my concern about the recent appeal for "settlement". I see no reason for the Commission to reverse its responsible ruling on behalf of the hundreds of affected homeowners.

Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate. All of the fees were questioned when EPS initially began charging the rates, however, PSC did not think they were out of line at that present time. We should not have to pay for EPS expansion projects.

Thank You

Re: Dockets #030206-SU and 04473-07

Gentlemen:

This letter is to ask that you not allow Kevin Cherry to appeal your findings in his overcharging residents of Cherry Estates mobile home park in St. James City, Florida for use of county sewer system and for at least one year of use before we were even connected to the service.

As you no doubt know, most of the residents live on fixed incomes and because we are on the coast have been hit with rising costs of three different insurances to cover our property and in addition are now being incorrectly charged for services for sewers.

CMP _____ Thank you for finding Kevin Cherry guilty of these acts for which he was charged. I hope
COM _____ now you will follow through and see that the residents receive refunds of these

Dear Mr. & Mrs McCaffrey:

Thank you for your fax letter dated July 18, 2007 in which you expressed your concerns about the required rate reduction and rebate for Enviromental Protection Systems of Pine Island, Inc.(EPS). To ensure that the Commission staff and the Commissioners have knowledge of your concerns, your letter has been placed on the correspondence side of the docket file for all to review.

We understand your concerns regarding the rebate and rate reduction for EPS and appreciate you taking the time to express them to us. Customer comments are an essential part of the Commission's evaluation of the utility.

If you have any additional questions or require further assistance regarding this matter, please contact me at (850) 413-6844, or Troy Rendell at (850) 413-6934.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jared Deason".

Public Service Commission
Re: EPS of Pine Island
Docket #030106-SU
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

030106

Dear Commission Members:

This letter is strong encouragement for the PSC to uphold its recent ruling regarding EPS of Pine Island in Docket #030106-SU.

Until a short time ago, Cherry Estates sub-division (where we live) was serviced by the developer's sewer plant, and a reasonable monthly fee was paid by homeowners for that service. When Mr. Cherry decided to establish a new, adjacent, sub-division he realized, apparently, that his existing sewer system was insufficient. He announced that he would "hook-up" to the County line and that a new monthly charge would be established. Our home, with two residents, has been charged--and we have paid--as much as \$127 a month for sewer, alone. (\$8.26 per 1000 gallons of water PLUS a \$24.64 base rate to cover his debt.)

We then learned that we have paid for the County sewer line service without having been connected to it. Thus we were overcharged for many months. We are dismayed by the EPS of Pine Island appealing your rulings in Docket #030106-SU, calling for restitution. Obviously, we were charge for usage of County sewers long BEFORE we were serviced by them. That is totally unfair and worse. Your ruling indicated that Kevin Cherry and EPS would have to refund those payments on a sliding scale published by your April 2007 Commission Report. Those payments were to be sent to us by a given date (this month) that he now is trying to avoid. Yours was a very fair and equitable ruling. It was NOT a suggestion—it was a ruling. This ruling should not be overturned.

RE: Dockets Numbered 030106-SU & 04473-07 Respectively
E.P.S. of Pine Island

Dear Sirs:

The purpose of this letter is to ask you to **not approve** Kevin Cherry's appeal to your ruling in the above referenced docket. In this ruling, the commission found that Mr. Cherry had been charging the residents of Cherry Estates for the usage of the county sewers for one year prior to having said residents hooked up to the county sewer. The commission also found that he had been overcharging the residents for the service once they were hooked up to it. Your finding was correct and appropriate. Please do not grant his appeal in this matter.

Cherry Estates is primarily made up of retired persons on fixed incomes. Prior to Kevin's hooking up to county sewers, we were paying approximately \$150.00 a year for using his sewer plant. With the new rates in place, one can owe as much as \$100.00 PER MONTH for the privilege of having our waste water directed into county sewer pipes.

The lack of integrity and honesty in this matter on the part of Mr. Cherry warrants scrutiny by Florida Attorney General, Bill McCollum to whom I have enclosed a copy of this letter. When asked why Mr. Cherry was charging us for a service we were not receiving, he said "the ordered me to". We are herewith requesting a copy of the meeting minutes in which you ordered Mr. Cherry to charge us for a service we were not receiving.

The reason Mr. Cherry found it necessary to hook up to the county system was

1. because he wanted to further develop our subdivision, and
2. because his system had not been up to code for years and could not handle the added burden.

MP _____
 OM _____
 TR _____
 CR _____
 CL _____
 PC _____
 CA _____
 CR _____
 GA _____
 EC _____
 TH _____

So he chose to hook up to the county system, rather than expand his facility and bring it up to code. As with everything else Mr. Cherry has wanted to do for his sole benefit, he has defrauded Cherry Estates residents to finance it. May I be so bold as to ask what he did with the approximately \$40,000 a year he collected from Cherry Estates residents for the sewer system he had since he did not use it to maintain the existing system?

Again, I ask that you not let Mr. Cherry off the hook for his overcharges, and I also ask that you do a complete audit of the monies he has collected from us for the sewer system.

I have attempted to keep this correspondence professional, without going into Mr. Cherry's character, however, in order for you to understand how egregious these overcharges have been, you have to be made aware of his lack of character. This is just but one instance where we residents have been paying for services not received.

RECEIVED-FPSC

 COMMISSION
 CLERK

A letter was sent to the commission dated July 6, 2004 from Angie Keeler in which she first protested the way Mr. Cherry was using us in this matter (Complaint #609210W). The response she received from you said, in essence, "we have received your letter, thanks for writing, but we aren't going to look into this or help you at all".

I was very gratified by your ruling this year that did finally address this matter in a fair and honorable way. Please do not fail us again by granting his appeal.

Your consideration in the matter is greatly appreciated.

RE: Dockets Numbered 030106-SU, 04473-07 and PSC-07-0426-PAA-Su
E. P. S. of Pine Island

Dear Sirs:

This correspondence is to ask you not to grant an appeal from Kevin Cherry. This appeal is in regards to your ruling on Docket # 303106-SU. Mr. Kevin Cherry has been charging the residents of Cherry Estates for the usage of the county sewers for one year prior to having the residents hooked up to the county sewer system. The commission found this to be true; the commission has also found that he had been overcharging the residents of Cherry Estates once we were hooked up to the sewer system. I feel your finding to be correct and appropriate. **PLEASE DO NOT GRANT MR. CHERRY'S APPEAL IN THIS MATTER.**

With the sewer hook up now in place, a resident can be charged as much as \$100.00 per month for the privilege of having our waste water directed into the county sewer pipes. Prior to our hook up to the system, we were paying approximately \$150.00 per year for the use of his sewer plant. Many of the residents in Cherry Estates are on a fixed income and retired individuals. Mr. Cherry is trying to further develop our subdivision and because his water treatment plant had not been up to code for years, it could not handle the added burden of the new developments. With the new development in Cherry Estates, Mr. Cherry opted to hook into the county sewer system. This was an easiest way for him to handle the water system plant that did not meet code and his actions have transferred the financial costs to the residents. With all the monies paid to EPS, what has the money been used for?

As a resident in Cherry Estates I was grateful for your ruling this year. However, I am not as comfortable with the reversal of the commissions ruling. Please, take another opportunity to review this case; do an audit of the monies Mr. Cherry has collected from the residents for the sewer system. I'm very concerned about the unprofessional way Mr. Cherry is handling the business aspect of Cherry Estates and we, the residents, are the ones being affected the most.

We will be most grateful for your time and effort to re-evaluate this matter.

Sincerely,

Sue Duffey

Re: EPS of Pine Island
Docket #030106-SU
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

ORIGINAL

Dear Commission Members:

This letter is strong encouragement for the PSC to uphold its recent ruling regarding EPS of Pine Island in Docket #030106-SU.

Until a short time ago, Cherry Estates sub-division (where we live) was serviced by the developer's sewer plant, and a reasonable monthly fee was paid by homeowners for that service. When Mr. Cherry decided to establish a new, adjacent, sub-division he realized, apparently, that his existing sewer system was insufficient. He announced that he would "hook-up" to the County line and that a new monthly charge would be established. Our home, with two residents, has been charged--and we have paid--as much as \$127 a month for sewer, alone. (\$8.26 per 1000 gallons of water PLUS a \$24.64 base rate to cover his debt.)

We then learned that we have paid for the County sewer line service without having been connected to it. Thus we were overcharged for many months. We are dismayed by the EPS of Pine Island appealing your rulings in Docket #030106-SU, calling for restitution. Obviously, we were charge for usage of County sewers long BEFORE we were serviced by them. That is totally unfair and worse. Your ruling indicated that Kevin Cherry and EPS would have to refund those payments on a sliding scale published by your April 2007 Commission Report. Those payments were to be sent to us by a given date (this month) that he now is trying to avoid. Yours was a very fair and equitable ruling. It was NOT a suggestion—it was a ruling. This ruling should not be overturned.

Dear Ms. Malin:

Thank you for your e-mail dated July 16, 2007 in which you expressed your concerns about the required rate reduction and rebate for Enviromental Protection Systems of Pine Island, Inc.(EPS). To ensure that the Commission staff and the Commissioners have knowledge of your concerns, your e-mail has been placed on the correspondence side of the docket file for all to review.

We understand your concerns regarding the rebate and rate reduction for EPS and appreciate you taking the time to express them to us. Customer comments are an essential part of the Commission's evaluation of the utility.

If you have any additional questions or require further assistance regarding this matter, please contact me at (850) 413-6844, or Troy Rendell at (850) 413-6934.

RE Order:No. PSC-07-0426_PAA_SU

Dear Sir. As a home owner in Cherry Estates affected by your recent ruling concerning ESP of Pine Island, Inc. I wish to express my concern about the recent appeal for settlement. I see no reason for the Commission to reverse it's ruling..Granting a utility permission to charge for services not rendered is unjust, and I commend your ruling, affirming that it is inappropriate.

I also want to bring to your attention that the owners of Property in Cherry Estates have been charged for maintenance of roads and drainage, from the same owners of ESP under a different name" Cherry Estates Inc". The roads are in disrepair and no effort has been made to repair them. It seems that they have developed a pattern of charging and doing nothing.

Respectfully yours

Harry Johannesen

Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate.

In an unrelated matter, Mr. Cherry has demonstrated his unreliability by taking our money for upkeep and not providing services. Our main road, Cherry Estate Parkway, is falling into the canal, he has promised to address the issue and has not. It is entirely possible we could lose access to our homes.

I see no reason for the Commission to reverse its responsible ruling on behalf of the hundreds of affected homeowners. Granting a utility permission to invoice for services not rendered is reprehensible, and I commend your ruling affirming that it is inappropriate.

After reading the transcription of the recent hearing it seems that a pattern of inaction on the behalf of EPS is being repeated by Cherry Estates, Inc. Road repairs that have been necessary for as long as two years remain neglected in spite of the monies collected annually providing for the repairs. The excuse is the same as the one used in testimony to your commission, "can't find a contractor willing to do the work". During this period of a slowdown in the construction industry, this argument seems to lack credence just as it did with EPS. In the meantime the cost to repair escalates exponentially.

Additionally, many owners within our community express skepticism about the original filing and the stated expenses used to justify the utility rates. FYI multiple companies use the same address, employees, and office equipment. Currently there are only two individuals; Kevin Cherry and his sister, Susan, co-owners of the multiple corporations. No other employees have been seen for quite some time.

Contact: 850-413-6482

FLORIDA PUBLIC SERVICE COMMISSION CONSIDERS ITEMS OF INTEREST AT UPCOMING AGENDA CONFERENCE

TALLAHASSEE — The following items are among those scheduled for consideration by the Commission at the April 24, 2007, Agenda Conference:

ITEM 2: DOCKET NO. 060677-TL – JOINT PETITION TO IMPLEMENT PRACTICES AND PROCEDURES WITH THE DEPARTMENT OF CHILDREN AND FAMILIES TO AUTOMATICALLY ENROLL ELIGIBLE CUSTOMERS IN LIFELINE TELEPHONE PROGRAM, BY CITIZENS OF FLORIDA AND AARP. The Commission will consider a staff recommendation to hold the docket in abeyance since an automatic enrollment process has been initiated by the Public Service Commission and the Florida Department of Children and Families.

ITEM 6: DOCKET NO. 060150-EI – PETITION FOR APPROVAL OF REVISIONS TO CONTRIBUTION-IN-AID-OF-CONSTRUCTION (CIAC) DEFINITION IN SECTION 12.1 OF FIRST REVISED TARIFF SHEET NO. 6.300, BY FLORIDA POWER & LIGHT COMPANY. The Commission will consider a staff recommendation on a Florida Power & Light Company (FPL) proposal to revise the definition of CIAC to include a governmental adjustment factor (GAF) of 25% when the applicant for conversion is a local government. The 25% GAF is intended to encourage the installation of underground facilities in some communities.

ITEM 8: DOCKET NO. 030106-SU – APPLICATION FOR STAFF-ASSISTED RATE CASE IN LEE COUNTY BY ENVIRONMENTAL PROTECTION SYSTEMS OF PINE ISLAND, INC. The Commission will consider a staff recommendation requiring Environmental Protection Systems of Pine Island, Inc. to issue customer refunds based on the delay in completing a treatment facility interconnection and the difference in the projected and actual cost of the interconnection.

ITEM 10: DOCKET NO. 060253-WS – APPLICATION FOR INCREASE IN WATER AND WASTEWATER RATES IN MARION, ORANGE, PASCO, PINELLAS, AND SEMINOLE COUNTIES BY UTILITIES, INC. OF FLORIDA. The Commission will consider a staff recommendation regarding proposed rate increases and the overall quality of the water and wastewater service for Utilities, Inc. of Florida in Marion, Pasco, Pinellas, Orange, and Seminole Counties.

The PSC is committed to making sure that Florida's consumers receive their electric, natural gas, telephone, water, and wastewater services in a safe, affordable, and reliable manner. The PSC exercises regulatory authority over utilities in the areas of

rate base/economic regulation; competitive market oversight; and monitoring of safety, reliability, and service.

State of Florida

Public Service Commission
PUBLIC MEETING NOTICE

July 22, 2003

Contact: ♦ 850-413-6482

**PUBLIC MEETING SCHEDULED TO DISCUSS PROPOSED INCREASE
IN WASTEWATER RATES BY ENVIRONMENTAL PROTECTION
SYSTEMS OF PINE ISLAND, INC.**

TALLAHASSEE — The staff of the Florida Public Service Commission (PSC) has scheduled a customer meeting to receive comments from customers in response to a proposed increase in wastewater rates by Environmental Protection Systems of Pine Island, Inc. (EPS or utility). On Thursday, July 24, 2003, PSC staff will hold the customer meeting to allow customers and other interested persons an opportunity to offer comments regarding the quality of service the utility provides, the proposed rate increase, and other issues.

EPS provides wastewater service to approximately 441 mobile homes and 65 recreational vehicle (RV) sites in Cherry Estates and R.V. Park in St. James City, which is located at the southern end of Pine Island, approximately 30 miles west of Fort Myers.

PSC staff estimates that customers using an average of 2,058 gallons of water would see their rates for wastewater service increase from \$12.79 to \$39.86. The estimated rates are not final and are used to facilitate discussion at the customer meeting. All customers of EPS are invited to attend the meeting which will be held at the following time and location:

**Thursday, July 24, 2003
6:00 p.m.
St. James City Civic Association
3300 Fourth Avenue
St. James City, Florida**

PSC staff is scheduled to make a recommendation to the Commission on September 4, 2003, and the Commission's vote on this matter is scheduled for September 16, 2003.

FPSC-COMMISSION CLERK

Bulletin

A Publication of PSC Actions Provided to Gov't. Officials

July 11, 2003

Application for a Staff-Assisted Rate Case in Lee County by Environmental Protection Systems of Pine Island, Inc. Docket No. 030106-SU

On January 30, 2003, Environmental Protection Systems of Pine Island, Inc. (EPS or utility) filed an application for a staff-assisted rate case with the Florida Public Service Commission (PSC or Commission). EPS is a wastewater utility providing service in Lee County. EPS provides wastewater service to 441 mobile homes and 65 recreational vehicle (RV) sites in Cherry Estates and R.V. Park in St. James City, which is located at the southern end of Pine Island, approximately 30 miles west of Ft. Myers. Water service is provided by Greater Pine Island Water Association.

The current rate case is being processed under the PSC's "Proposed Agency Action" (PAA) procedure. Under the PAA process, the case will not be set for a formal hearing unless a timely protest to the Commission's proposed agency action is filed.

The utility's records have been audited for compliance with Commission rules and orders. A staff engineer conducted a field investigation of the utility's plant and service area. In addition, a preliminary review of EPS's operation expenses, maps, company files and rate application was also performed to obtain information about the physical plant operating costs.

On Thursday, July 24, 2003, the staff of the PSC will hold a customer meeting for the purpose of providing customers and other interested persons an opportunity to comment and ask questions regarding the utility's proposed rate increase and quality of service.

Staff estimates that customers using an average of 2,058 gallons of water would see their rates for wastewater service increase from \$12.79 to \$39.86. The estimated rates are not final and are used to facilitate discussion at the customer meeting.

Staff's preliminary findings will be updated with information obtained at the customer meeting to form staff's recommendation to the Commission. A final determination of rates will be made at the Commission's Agenda Conference. In accordance with Florida Statutes, the PSC will also consider the utility's quality of service and other matters in this case.

PSC staff is scheduled to make a recommendation to the Commission on September 4, 2003, and the Commission vote on this matter is scheduled for September 16, 2003.

Re: Docket No. 030106-SU, Application for a Staff Assisted Rate Case by Environmental Protection Systems of Pine Island, Inc.

Dear Ms. Dockus:

This letter is to follow-up your phone conversation with Ms. Sam Merta and confirm our reservation of the St. James City Civic Association for Thursday, July 24, 2003 from 1:00 pm to 10:00 pm. We are planning to hold afternoon meetings from 2:00 pm to 5:00 pm, followed by a general customer meeting beginning at 6:00 pm. We may finish the general customer meeting before 10:00 pm depending on the number of attendees and the number of comments received.

I understand that the Civic Association seats approximately 300 people and an audio system will be available for our use. I am attaching a seating arrangement which we normally use for these public meetings. I further understand that there is a \$125 fee for the use of the Association. Please send me an invoice for this amount and I will arrange payment. If you have any questions, please contact Sam Merta at (850) 413-6427. Thank You.

Sincerely,
