Good Morning,

The information is correct. All that needs repair is the certificate number in the docket title. It should be certificate no. 7767. The utility code, TA056, is correct from the very beginning in Docket No. 070468. I can't see the letters following the docket no., but it should be a TA. Looks like a simple fix.

Thank you.

Ray, per our conversation regarding the establishment of this docket, can you confirm that the below information is accurate in order for us to update Dkt. 070648 to include the below modifications.

Ray - In the above referenced filing to cancel this company's AAV certificate, I inadvertently cited their ALEC certificate number and docket information. It should have read the following:

Company Code: TA056

Certificate number: 7767

Docket number: 001559-TA

Order number: PSC-01-0732-CO-TA

Date: March 23, 2001

I would be grateful if you would ensure that the correct docket is opened for this cancellation, and the correct certificate is cancelled.

Thank you,

Robin Norton
