I had send that email earlier. In addition, we need a fax number and the same information (name, phone, etc) for a second contact. And a website address.

Thanks.

Tom, we currently do not have a utility code for the Peninsula Pipeline company. In order to establish one, can you please email me the name, phone number, email address, and mailing address of the person who will be Peninsula's contact with the Commission.

Thanks,

Elisabeth Draper
