Re: Quarterly Billing Reports

Certified: 7005 1820 0002 9487 3738

Dear Mr. Schumacher:

Pursuant to Order No. PSC-07-0505-SC-WS, issued June 13, 2007, in Docket No. 060253-WS, the Commission granted an increase in rates to Utilities, Inc. of Florida. The Commission found a need to evaluate the effects of the utility's rate proceeding on consumption. To that end, the utility was ordered to file monthly reports of a quarterly basis, detailing the number of customer bills rendered, the number of gallons billed and the total revenues billed with the totals shown separately for the residential and general service classes of service. These reports shall be provided, by customer class and meter size, for a period of two years commencing on the first billing cycle the revised rates go into effect. Attached is the format to use when preparing the quarterly reports.

According to the utility's tariff sheets on file at the Commission, the revised rates for monthly water service were effective July 21, 2007. Therefore, the reports should be provided according to the following schedule:

<u>Billing Period</u>	<u>Report Due</u>
July 2007 - September 2007	10/31/07
October 2007 - December 2007	01/31/08

April 2008 - June 2008	07/31/08
July 2008 - September 2008	10/31/08
October 2008 - December 2008	01/31/09
January 2009 - March 2009	04/30/09
