Issue 1: Should AT&T be allowed to move forward with the next 22-state OSS release?

Recommendation: Yes. Staff recommends that AT&T be allowed to move forward with the next 22-state OSS release on the condition that selected Tier 1 and Tier 2 Self-Effectuating Enforcement Mechanism (SEEM) remedies are doubled for each data month beginning with implementation of the next 22-state OSS release, for a period of six months. The performance measurement categories that should be included are *OSS (Pre-ordering), Ordering, Provisioning, and Change Management*. After the implementation of the next 22-state OSS release, staff will recommend if the Commission should take any further action on this matter.

The Order will become final upon issuance of a Consummating Order, if no person whose substantial interests are affected timely files a protest within 21 days of the issuance of the Order. Staff will bring a recommendation back to the Commission addressing the petitioners' request for the Commission to initiate a show cause proceeding at a later date.
