April 15, 2009

Ms. Ann Cole, Director Division of the Commission Clerk and Administrative Services Florida Public Service Commission 2540 Shumard Oak Blvd. Tallahassee, FL 32399-0850

Dear Ms. Cole:

Per Order No PSC-09-0024-FOF-EI, issued on January 7, 2009 in Docket No. 090001-EI, FPL was required to refund \$6,163,000 plus interest in the form of a one time credit on retail customers' bills, beginning with the first day of the first billing cycle 30 days after the final order was issued.

C90001-EI

FPL implemented the one time refund as a cents per kWh credit to its retail customers in March 2009 (cycle day 1 through cycle day 21). The calculation of the refund factor is included as Attachment I.

The refund factor was calculated based on projected sales for the month of March 2009. Actual sales in March were significantly lower than projected, producing a refund of \$5,963,904, including interest, a difference of \$733,576 from the target refund amount.

FPL will file a final notice with the Commission after the last day of the April 2009 billing cycle, which will identify any changes to the refund amount of \$5,963,904 that result from any adjustments that FPL makes to March 2009 billings. However, anticipating that some difference will remain, FPL proposes to refund to customers the difference between the targeted refund amount and the final, actual refund amount by including that difference in the 2009 Estimated/Actual True-Up filing in August 2009.

Please feel free to contact me should you have any questions.

Sincerely,

/s/John T. Butler
John T. Butler

DOCUMENT NUMBER-DATE

03534 APR 168

CALCULATION OF ONE-TIME REFUND FACTORS FOR REPLACEMENT COSTS RESULTING FROM OUTAGE EXTENSION AT TURKEY POINT UNIT 3

Refund factor per kWh for interest amount		\$0.00006919
