RECEIVED-FPSC, 09 MAY 18 AM 8: 52 COMMISSION

Office of Commission Clerk Florida Public Service Commission 2540 Shumard Oak Boulevard Tallahassee, Florida 32399-0850

RE: Application of East Marion Sanitary System, Inc., Docket No. 080562WU

This letter is to offer some brief comments and concerns relative to the proposed amendment to the Utility's Tariff request under the Docket No. noted above. I, the undersigned, am a resident of Lakeview Woods; and would be directly impacted by the proposed amendment to the tariff rates.

In brief, I believe the requested charges – especially those for Irrigation Meter installation charges of both \$1400.00 for so-called short installations and \$1800.00 for so-called long installations - are absurd and not justified. According to the words used in the Notice of Application for Amendment, the proposed amendments are "to pay for the cost associated with installing irrigation meters for those customers requesting irrigation service." Can the costs – or at least "reasonable" cost – associated with these installations have gone from \$70.00 to \$1400.00 and \$1800.00? Or, is this just another attempt by the owner of the Utility to gain usurious profit at the expense of the residents of Lakeview Woods. I would hope that the Utility would have to show some sort of "cost justification" for <u>any</u> increase that the Commission would approve.

I ask that the Commission soundly deny ALL of the proposed increases proposed by the Utility. We, the homeowners, cannot afford increases in these trying financial times – especially those cost increases which are ridiculous and without merit.

Sincerely,

Richard Spicer 1176 NE 130th Terrace Silver Springs, FL. 34488

May this letter serve as my request to have a irrigation meter installed at my residence. I would like this meter installed at the rate of \$70.00. Please let me know how soon you can fill this request.

Sincerely,

Jim Mallon
