**Subject:** Docket no. 080677-EI

Dear Florida Public Service Commissioners,

I attended the Public Service Hearing in Daytona Beach 6/23/09.

My husband & I have been in the construction business for 38 years. In 2006 we employed around 50 people, now only 15. The economy has hurt us so much since 2007 that we are just hanging on after cutting everything possible including all employee benefits! In addition, all employees including owners have taken a 10% cut in pay! We have had to cut our pricing to get work because there are so few jobs available to bid on.

I feel that it is incredulous and shameful that FPL would ask for a 30% increase when we are in this recession! Especially when FPL is making money! I looked FPL up on the internet & was amazed at how much money they have made year after year. FPL's 2009 1<sup>st</sup> quarter profit according to Market Watch was 364 million!

The unemployment rate in Volusia County is now 10%, how can the unemployed pay an increased Electric Bill? Or our elderly, who are on fixed incomes? What about my business? We have replaced windows and implimented many other energy saving items, but I cannot operate without computers, lights or air conditioning. I cannot lower my business electric usage further. What about my home? I have already reduced everything possible including setting the air conditioning at 80 degrees, which is not at all comfortable! Many of my employees have cut their home telephone service, cable TV, live & sleep without air conditioning, reduced driving except to & from work, and they do not eat out. Everyone I know is suffering greatly right now, except FPL.

**Please do not grant FPL any increase at all.** I absolutely cannot pay more for electricity or any other service!

Thank you for giving me the opportunity to voice my opinion and for having all the public hearings!

Dear Linda:

This is in response to your E-mail to the Florida Public Service Commission, regarding Florida Power & Light Company (FPL).

You expressed a concern about FPL's petition for an increase in base rates. We appreciate your comments regarding the petition and will add your correspondence to Docket No. 080677-EI.

If you have any questions or concerns please contact me at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Ellen Plendl

CONSUMER COMMENTS

I left Florida, Osmond Beach, forty years ago and returned last fall. I was shocked by the outrageous cost of every thing here and the sales taxes on everything from clothes to toilet paper. I am appalled by the outrageous cost of electricity here. It is greed with Florida Power and Light asking for another increase with the billion dollars in interest that is sitting idly. It is not up to the consumer to pay for improvements or new technology. We pay our bills because we cannot live without electricity and are paying through the nose as it is.

Does anyone remember the 1973-1974 gas lines or the hostage situation in Iran in 1978-1979? That was a wake-up call for the oil companies, power companies and auto industry to rethink their technologies. They did nothing about that. The oil companies and power companies increased their costs to the consumer

and the car industry made bigger vans, SUV's and let us not forget the Hummers.

Florida has a 10.2 unemployment rate, they have lost their homes and jobs and are being taxed out of existence. Even food is much more expensive than up north. With the economy the way it is I don't know how or why Florida Power and Light has the gall to ask for more money.

The American middle class, the backbone of this country, is being wiped off the face of the earth by the oil companies and power suppliers. We have been gouged by them for decades and it is time to put an end to it once and for all.

Government from federal down to state, county and local offer no help with all of the greed, corruption, lobbyists and kick backs that take place on a continuing basis. I do not hold much hope for any Public Service Commission either. All I know is if you give Florida Power and Light another increase you will be making another greedy power company richer and taking food, medicine, health care and other essentials away from thousands of already strapped Floridians. I am praying that you have a moral conscience and will say no to an increase in rates.

Virginia A. Edmondson

CONSUMER COMMENTS

Why should FPL be GUARANTEED excessive profits? Over time Equities have returned < 10%, and that's with risk! When oil prices go up AGAIN, AND THEY CERTAINLY will, our FPL bills will SKYROCKET, because FPL is allowed to pass those increases right along to their customers... NO RISK on their part. To justify charging "NATIONAL AVERAGE", THEN THE people's incomes should be @ "NATIONAL AVE" WHICH THEY ARE NOT. FPL has over-collected at least \$1.25 billion in depreciation - WHERE'S MY REFUND?

WITH THIS recession THE WORST since THE Depression AND FL even WORSE THAN MOST OF THE REST OF USA, how CAN FPL justify THIS 31% basic rate increase? THE FACT IS, THEY CAN'T!

I ASKED some OF THE people THAT spoke favorably ABOUT FPL service. EVERYONE OF THEM said THAT FPL had CONTACTED them AND ASKED them TO come TO THE hearing AND SPEAK IN FAVOR OF FPL! IT'S called STACKING THE DECK! FPL SHOULD be TAKING CUTS LIKE THE REST OF US! EXORBITANT executive salaries + bonuses SHOULD be cut! We, THE people, WANT NO increase <sup>better yet</sup> We WANT FPL TO CUT THEIR RATES!

VOTE NO!

6-24-2009 CONSUMER COMMENTS
I attended the Commission meeting at City Hall in Daytona Beach yesterday. I can agree with all of the speakers both pro and con. Unfortunately the pros didn't address the 30% increase only what a wonderful company FPL is. And it is. But don't we expect businesses and also individuals to support the community? There are many people living at the poverty level in Daytona and any increase would be a hardship. To make a level playing field I suggest that whatever the cost for fixed incomes is, is the % that same percentage should be.

Fold and tape -- see back for address

The increase for any utility.

**CONSUMER COMMENTS**

As a customer of FPL in a professional capacity as manager of Volusia County, FL sea turtle habitat conservation plan and sea turtle lighting ordinance manager, I am of the opinion that FPL customer service could be improved by providing sea turtle friendly lighting options in Coastal Communities throughout the state. Their internal document titled Coastal Roadway Lighting Manual (2002) needs to be updated with current science and better options for customers. The manual needs to be utilized by all staff in coastal communities. Sea turtle protection should be a Hott priority for this company. Currently, requests for light adjustments take a long time, pole management data is inaccurate and options for improvement are extremely limited and expensive. FPL needs to prioritize updating policies & equipment w/ current science.

I live in an apartment complex with no choice of service, only FPL.
I have a fixed monthly income of less than \$700 a month, with rent of \$505 monthly.
I do NOT think the FPL should be allowed to raise their Base Rate or any additional increases for the next 4 years.
perhaps if they showed showed <del>for</del> re-funds of 3% of their annual profit for schools, health plans, parks and <sup>the</sup> commands served exclusively by them maybe <del>to</del> a smaller increase should be received in 2012.
I can't afford to pay more.

With the working condition of the average people - many with no jobs in sight - how dare you people propose such a rate increase. This is unheard of !!!

A ~~big~~ slight increase is bad enough especially here in Fl. Not only are jobs very scarce - pay is very very low & the senior population is large & so many trying to live on S.S. - it's bills or medicine this month - cannot pay both each month.

Let's have more thought before you really kill us. Think real hard on this people - the bills we are the worse our lives & health become.

Have heart &

CONSUMER COMMENTS

I am a senior citizen and on a fixed income I can not afford the rate increase that you are asking for. It will create a big hardship for me. I would really appreciate you reconsidering this increase. There are a lot of people here that cannot afford to pay any more of an increase. This is a senior complex and most of the people are on very limited incomes. Please reconsider this increase.

Thanks

I am on Social Security and it is very limited. If FPL goes up on the rates, I won't be able to afford it. The rate hike will take away from me buying ~~groceries~~ <sup>groceries</sup>, gas and some of my medicines.

It will put a big burden on all low income families.

Instead of giving the big CEOs & share holders millions of dollars, why can't FPL go and put that money into the low income peoples pocket, ~~for good~~, etc. Especially since so many people are out of work and losing just about all they have.

You know there are a lot of single parents that can't make ends meet. Why don't FPL take all these millions and set up some kind of ~~fund~~ <sup>fund</sup> to help them with food, clothing, rent & lights?

We get 5.5 of less than \$1800 per month our rent is \$520 per mo. Leaving \$1280. for Car Ins, median for 2 people if we have to pay an increase you are forcing us to live with our daughter we are 76 + 73 yr of age so please do not do this to retired people I think I speak for all of us

Please do not do This Increase

CONSUMER COMMENTS
I am on a fixed income
and am barely making it
on the income I have.
I cannot afford another
increase in my electric bill
It is shameful that they
feel the need to burden us to
benefit their stockholders. 10 1/2 %
is more than plenty.
Do not allow them their
increase.
Thank you in advance.

WE LIVE ON SOCIAL SECURITY ONLY! WE DO NOT GET A RAISE FOR 2 YEARS SO IT WILL BE VERY HARD ON US TO PAY AN INCREASE ON ANYTHING. WE ARE SICK AND OLD RETIRED ON LITTLE INCOME. WE NEED A BREAK AS OUR POWER COST ARE TOO HIGH NOW. WE USE EQUIPMENT TO BE ABLE TO BREATHE AND IT IS RUN BY ELECTRICITY. GIVE US A BREAK. WE NEED SOLAR ENERGY. WE HAVE PLENTY OF SUN USE IT TO POWER SMALL COMPLEXES SUCH AS OURS. WE LIVE IN SENIOR APARTMENTS ON LOW INCOME. WE NEED HELP! WE ARE IN A RECESSION AND WILL BE FOR SOME TIME. YOUR LUCKY TO BE ABLE TO WORK & GET RAISES. THE PRESIDENT CUT SS OUT FOR 2 YRS, NO RAISES. But higher ups get theres RAISES,

As a 7-yr. patron of FPL, and a 92 yr. old  
resident of Florida, living on my own, I  
seriously object to your requests for a raise in  
rates to individuals and business owners. The  
figures presented by the Fla. Public Counsel clearly  
show the vast difference between necessity and what  
would amount to a gouging of a public which  
is <sup>in</sup> a daily financial struggle

Sincerely

Elizabeth S. Mabry
