DOCKET NO. 080409-EG

FILED: June 26, 2009

**TAMPA ELECTRIC COMPANY'S OBJECTION TO THE
FLORIDA PUBLIC SERVICE COMMISSION STAFF'S
SIXTH SET OF INTERROGATORIES (NO. 33)**

Tampa Electric Company ("Tampa Electric" or "the company"), pursuant to Rule 1.340, Florida Rules of Civil Procedure, and Rule 28-106.206, Florida Administrative Code, submits the following objection to Interrogatory No. 33 contained in Staff's Sixth Set of Interrogatories to Tampa Electric Company (Nos. 21-33) and says:

1. Included in Staff's Sixth Set of Interrogatories is Interrogatory No. 33 which reads as follows:

33. Please complete the following four tables showing the projected rates in cents per kilowatt hour (¢kWh) and projected customer bills in dollars per 1,200 kilowatt hours (\$/1,200 kWh) for the ten year period, 2010 to 2019, in nominal and net present value amounts for the Base Case (assumes no DSM), DSM based on RIM test, and DSM based on TRC, each with and without CO₂ costs.

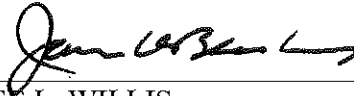

2. Tampa Electric objects to Interrogatory No. 33 on the grounds that to answer it Tampa Electric would have to create information and results which do not presently exist and which cannot be addressed without imposing an undue burden on the company. To answer this interrogatory Tampa Electric would have to perform exhaustive and very costly studies and essentially restart the entire process it has engaged in to date in this docket. Tampa Electric would need to enlist the assistance of Itron to recreate Tampa Electric's basis for demand side management goal setting to fit an additional case that assumes no CO₂ costs. Such an effort

would be extremely time consuming and costly and would effect an undue burden on Tampa Electric.

3. Notwithstanding this objection, and without waiving it, Tampa Electric will attempt to provide information explaining to the best of its ability the impact of CO₂ on its economic analyses to address the subject matter of Staff's Interrogatory No. 33.

DATED this 26th day of June, 2009.

Respectfully submitted,

LEE L. WILLIS
