IN RE: PETITION FOR INCREASE IN RATES BY PROGRESS ENERGY FLORIDA, INC. Docket No: 090079-EI Submitted for Filing: August 13, 2009

UNVERIFIED AFFIDAVIT OF MICHAEL RIB IN SUPPORT OF PROGRESS ENERGY FLORIDA'S SEVENTH REQUEST FOR CONFIDENTIAL CLASSIFICATION

STATE OF FLORIDA

COUNTY OF _____

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Michael Rib, who being first duly sworn, on oath deposes and says that:

1. My name is Michael Rib. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Project Leader in PEF's System Planning Department responsible for energy resource strategic planning activities that depend on the confidential information addressed herein.

3. PEF is seeking confidential classification of portions of the responsive documents to the Florida Industrial Power Users Group's ("FIPUG") Fourth Request for Production of Documents. A detailed description of the confidential information at issue is contained in

> DOCUMENT NUMBER-DATE 08439 AUG 13 8 FPSC-COMMISSION CLERK

confidential Attachment A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this information because it includes confidential and proprietary information related to the Company's competitive business interests, the disclosure of which would compromise PEF's competitive business interests.

4. Specifically, the documents produced in response to this Request for Production include confidential information regarding the Company's strategic plans. Specifically, the responsive documents include PEF's projected Steam Unit Operating and Maintenance Rates, Peaking Unit Variable Costs, CT Maintenance Plans, and other documents which provide information on the Company's planning strategies. The information included in these documents is input information collected from various internal sources used to perform the planning function. Disclosure of this information would impair PEF's competitive business interests by making sensitive information publicly available, thereby providing third parties a competitive advantage when negotiating contracts with PEF in the future, as well as allowing third parties to otherwise alter their activities in the market place. Therefore, public disclosure of this information could adversely affect the Company's ability to purchase necessary commodities at advantageous prices and to enter into competitively priced contracts, therefore impacting the Company's competitive interests and ultimately having a detrimental impact on PEF's ratepayers.

5. Strict procedures are established and followed to maintain the confidentiality of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential. In addition, PEF has provided this information in response to various discovery requests throughout this proceeding, and at all times the Company has maintained the confidentiality of the information at issue.

6. This concludes my affidavit.

Further affiant sayeth not.

Dated the _____ day of August, 2009.

(Signature) Michael Rib Project Leader, PEF System Planning 299 1st Avenue N St. Petersburg, FL 33701

THE FOREGOING INSTRUMENT was sworn to and subscribed before me this _____ day of August, 2009 by Michael Rib. He is personally known to me, or has produced his ______ driver's license, or his ______ as identification.
