BACKGROUND

The Utility is a water utility whose corporate offices are located at 905 Lownde Avenue, Pensacola, Florida. The Utility's water facilities are located in Escambia County, Florida. As reported in its Minimum Filing Requirements (MFRs) filed with the Florida Public Service Commission (Commission) on May 20, 2009, the Utility's revenues per books are \$3,048,381 with operating expenses per books of \$2,973,748 for its water system, resulting in an operating income of \$74,633 for its water system, per books, before adjustments. The rate increase application has been filed by the Utility because the current rates are not adequate to generate revenues which allow the Utility the opportunity to earn a fair return on its investment in water plant and facilities.

Copies of the MFRs are available for inspection by members of the public at the following locations:

Peoples Water Service Company of Florida, Inc. 905 Lownde Avenue Pensacola, Florida 32507 Office Hours: 8:00 a.m. to 4:30 p.m. Monday through Friday

and

Office of Commission Clerk Florida Public Service Commission 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0870

A copy of the Utility's Petition and "Rate Case Synopsis" will also be available at the above addresses.

The test period for setting rates is the historical average twelve-month period ended December 31, 2008.
