Case Background

On September 4, 2009, Neighborhood Utilities, Inc. (Neighborhood or Utility) filed its application for amendment of Certificate No. 430-W to add and delete territory to reflect land areas that were exchanged with Jacksonville Electric Authority (JEA) for the provision of water service. The territory swap was discovered by the Commission staff during a field inspection for the Utility's staff-assisted rate case in Docket No. 090060-WU. The application was not complete when filed and considerable time passed while the Utility filed additional information to complete the minimum filing requirements.

Neighborhood is a Class C utility providing water service to about 430 customers in Duval County. The Utility's 2009 annual report shows gross revenue of \$86,862 and a net
