Subject: Request to make oral modification to Item #3 at the December 15, 2009 Agenda Conference

Item # 3 on the December 15, 2009, Agenda conference is Staff's recommendation in Docket No. 090109-EI (TECO/Energy 5.0 contract approval). On page 6 of the recommendation, staff provided a comparison of levelized costs for various solar projects. On December 11, 2009, FPL informed staff that it wished to correct the previous information it had supplied to staff regarding the levelized cost of its DeSoto project. As such, staff is requesting approval to make an oral modification to update the value shown on page 6 of the recommendation. The value for the FPL DeSoto project should be changed from 49.5 c/kwh to 26.4 c/kwh. **This change does not alter the staff's recommendation.**

Please let me know if you concur.
