RE: Customer Transfer Response Status regarding the approval of amendment to the territorial agreement between Withlacoochee River Electric Cooperative Inc. (WREC) and Progress Energy Florida, Inc. (PEF) in Pasco and Hernando Counties; Docket No. 090428-EI

Dear Ms. Cole:

As stated in the above amendment, on December 9, 2009, WREC provided notification letters to their customers in Pasco County that their account would not be transferred to PEF from WREC due to operational constraints, acquisition of easements, space for utility locations, and safety issues. The customers who received this notification letter of non-transfer were located on Coats Road, Linwood Lane, and Ryals Road in Zephyrhills, Pasco County, Florida. After a sixty (60) day period, a summary of the responses received are being provided via this supplemental filing.

WREC received three direct customer contacts following the written communications by WREC on December 9. All of these customers were located in the Zephyrhills area. All three contacts were informational in nature and none were adverse to the non-transfer.

Should you have any further questions regarding the customer transfer responses, please contact me at (727)820-5509 or Duane Vann at (352) 567-5133.

Sincerely,

A handwritten signature in cursive script that reads 'Gail Simpson'.
