**Case Background**

This is a staff recommendation to address amendments to Rule 25-30.0371, Florida Administrative Code (F.A.C.), pertaining to acquisition adjustments for water and wastewater utilities, as set forth in Attachment A. The impetus to review the current rule for possible changes was a discussion at an Agenda Conference in April 2009 involving a sale of a small, new system at a large discount. During the discussion, there was a concern expressed that the benefit afforded to the purchasing utility by the current rule with regard to the negative acquisition adjustment may be too generous in this instance.
