REQUEST FOR CONFIDENTIAL CLASSIFICATION

Florida Public Utilities Company ("Company" or "FPUC"), pursuant to Section 366.093, Florida Statutes, and in accordance with Rule 25-22.006, Florida Administrative Code, hereby requests confidential classification of information contained in Attachment A to its Response to Staff's First Data Requests No. 4(c) in this Docket. In thereof, FPUC hereby states that:

- 1. This Docket has been opened to address FPUC's request that the Commission approve Amendment No. 1 to the Agreement for Generation Services between FPUC and Gulf Power Company, which went into effect on January 1, 2008. The Agreement for Generation Services was approved by the Commission by Order No. PSC-07-0476-PAA-EI, and has previously been granted confidential treatment by Order No. PSC-10-0186-CFO-EI, issued March 29, 2010, in Docket No. 100001-EI.
- 2. Amendment No. 1 to the Generation Service Agreement revises certain prices, terms and conditions in the underlying Generation Services Agreement. The effective date for Amendment No. 1 is January 25, 2011.
- 2. Attachment A to FPUC's data responses contains certain information that pertains to information in Amendment No. 1 and in underlying Agreement for Generation Services, for which FPUC has already sought confidential classification. Both FPUC and Gulf Power consider this information to be highly confidential, proprietary business information, and both

Companies treat this information as such. Specifically, all of the data in all of the rows and columns of Attachment A, include information relating to specific terms and rates that were negotiated between the parties. Release of this information would allow competitors to easily derive confidential contract terms. As such, FPUC and Gulf Power treat this information as confidential, and the information has not otherwise been publicly disclosed. Moreover, public disclosure of this information would be detrimental to both FPUC and to Gulf Power, as well their customers, and would impair each parties' ability to negotiate with other suppliers on favorable terms. Consequently, both FPUC and Gulf would be at a significant competitive disadvantage if this information were made publicly available. The information set forth in the chart contained in numbered paragraph 1, therefore, meets the definition of "proprietary confidential business information" as set forth in Section 366.093(3), Florida Statutes, which provides:

- (3) Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes, but is not limited to:
- (a) Trade secrets.
- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

FPUC therefore asks that the specified information in Attachment A (all rows, all columns) be afforded confidential classification, and deemed exempt from Section 119.07, Florida Statutes.

3. Attachment A, which is attached and incorporated herein, is a copy of the

referenced data response in which the confidential information has been highlighted. Also,

included with this filing are two redacted copies of Attachment A.

4.

FPUC asks that confidential classification be granted for a period of at least 18

months. Should the Commission no longer find that it needs to retain the document, FPUC

respectfully requests that the confidential information be returned to the Company.

WHEREFORE, FPUC respectfully requests that the highlighted information contained in

Attachment A of its response to FPSC Staff's First Set of Data Requests (No. 4(c)) be classified

as "proprietary confidential business information," exempt from Section 119.07, Florida Statutes.

RESPECTFULLY SUBMITTED this 25th day of February, 2011.
