Cover letter

April 21, 2011

PSC COMMISSIONERS:

Enclosed you will find copies of petitions from the Jasmine Lakes Community, Executive woods, Palm Terrace and Palm Terrace Gardens. We are all small communities serviced by Aqua Utilities Florida. We are located in Port Richey, Florida.

We are asking that you read and review these petitions before going forward with your decision to give Aqua Utilities an increase in their rates. Also we want you to review their practice of a base rate before any water is consumed or entered into the sewer.

You will see many people here are on fixed incomes and just barely getting by. We have many young families also. They are having an extremely hard time. No longer is Jasmine Lakes a beautiful community occupied by the wealthy that first built and settled here. We are a very poor community. We are all having problems making ends meet and we need your help.

Thanking You for any considerations.

Sincerely,  
Linda Concetto  
Vice-President JLCCA

FPSC - COMMISSION CLERK

**PETITION - Reference: Docket #100330**

**Attn: Florida Public Service Commission**

**As a resident of Palm Terrace/Port Richey, FL**

**I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.**

**Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.**

**I request that the Public Service Commission:**

- 1. Does not grant them any more increases on rates.**
- 2. Investigate past and present operations in the state of Florida.**
- 3. Investigate the rates of Aqua Water for possible over earnings.**
- 4. Deny their ability to expand to other systems in the State of Florida.**

**Comments:** Rates too High

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: I feel I should be refunded monies  
for the years I have been overpaying for  
water. Living in Palm Terrace we have the highest  
rate in the County. Why doesn't the Public Service Commission  
BRIAN SHEEHAN do something? How could Public utility  
become privatized?

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: I am continuing to create more  
debris & pollution into the world, thanks to  
Aqua Util. If you times it by everyone else  
who is using paper, plastic & styrofoam instead of water,  
how many tons of trash are we adding into the world.

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates. ✓
2. Investigate past and present operations in the state of Florida. ✓
3. Investigate the rates of Aqua Water for possible over earnings. ✓
4. Deny their ability to expand to other systems in the State of Florida. ✓

Comments: Over priced for the amount  
we use & the quality of the water.

Compared to Ohio, Penn, Ky - California  
& several other friend & relatives they have  
never seen prices to this excess! Even in  
Florida!

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

- ✓ 1. Does not grant them any more increases on rates.
- ✓ 2. Investigate past and present operations in the state of Florida.
- ✓ 3. Investigate the rates of Aqua Water for possible over earnings.
- ✓ 4. Deny their ability to expand to other systems in the State of Florida.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments:

*I have lived in Seven States and this is the most expensive water, that I cannot drink, its pure Robbery! Service stinks as bad as the water*

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: WATER IS REALLY BAD & PRICES ARE  
WAY TOO HIGH!!!

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

- ① Does not grant them any more increases on rates.
- ② Investigate past and present operations in the state of Florida.
- ③ Investigate the rates of Aqua Water for possible over earnings.
- ④ Deny their ability to expand to other systems in the State of Florida.

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

\* I request that the Public Service Commission:

- ① Does not grant them any more increases on rates.
- ② Investigate past and present operations in the state of Florida.
- ③ Investigate the rates of Aqua Water for possible over earnings.
- ④ Deny their ability to expand to other systems in the State of Florida.

\* YOU TO SERVE THE PUBLIC NOT CORPORATIONS!!

Comments: RATES ARE TOO HIGH FOR INCOME  
OF AREA. RENTERS CAN'T AFFORD TO STAY.

YARDS ARE DUST— WATER QUALITY IS DISGUSTING  
CAUSING SKIN PROBLEMS AS PER MY DOCTOR!! WATER  
KILLED MY PLANTS!! NOW THAT WE'VE HAD RAIN SOME  
ARE COMING BACK

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: I am very dissappointed in Pasco County government.  
at a time when people are struggling to pay their mortgages  
there given astronomical water increases. This will lead to  
more foreclosures and vandalism. Is this what the county wants  
I would like all the board members of PSC and aqua utilities CEO  
to have to pay these water bills this should have been looked into a few  
years ago.

4. Deny their ability to expand to other systems in the State of Florida.

Comments: THE PRICE AQUA IS CHARGING ITS CUSTOMERS IS RIDICULOUS. THE QUALITY OF WATER IS POOR. I DO NOT CONSUME IT, ONLY FOR BATHING + WASHING CLOTHES. I DO NOT IRRIGATE MY LAWN BECAUSE PAYING \$100 A MONTH FOR TWO PEOPLE IS MORE THAN I CAN AFFORD. THE COUNTY NEEDS TO TAKE OVER BEFORE THIS AREA BEFORE IT'S TOO LATE. THERE ARE PLENTY OF EMPTY HOUSES AS IT IS AND WILL BE WORSE BECAUSE RESIDENTS CANNOT AFFORD THIS WATER. PLEASE LOWER OUR RATES!

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL (Executive Woods)  
I feel that Aqua Utilities Florida is not a trust worthy company based on their poor  
Quality of Service, including quality of water, customer service and the affordability.  
plus, they've ruined our Roads everytime they dig for repairs.  
Aqua's business model is not sustainable, and it would be in the best interest of all  
parties if they would divest themselves of the Palm Terrace system, and negotiate a  
sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings. and refund their customers!
4. Deny their ability to expand to other systems in the State of Florida. Kick them out.

Comments: Absolutely ridiculous Charges!  
Un Fair Charges. I do not believe  
the amount of water you claim I'm using,  
being, For 1 person who is very  
conservative

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: we need relief no more increases

**PETITION - Reference: Docket #100330**

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

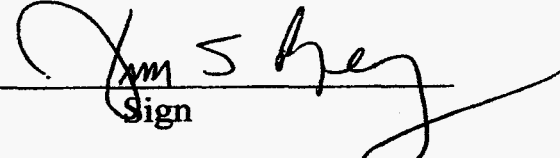

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: A Monopoly  
Water is no good  
Charges are ridiculous Charges  
Kick them out!

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: My Average water bill is 125-130 a month

I can't afford it. We have no leaks and have purchased  
water saving products but still the same amount. Water quality

Aqua use to charge for street lights in which I  
is poor. don't believe they are licensed to do that. They have stopped  
But where is the refund. I have lived here for  
almost 15 years.

commissioners. We will also provide  
copies to the Senators and Representatives.

**PETITION - Reference: Docket #100330**

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: This is a real crime. They have  
destroyed our neighborhood. This is why  
there are no more green lawns. Who can  
afford to keep them up. with the price  
we are paying

AT TIMES WATER WAS off when we were not home.

Comments: Did not know when I called Aqua, the AINS Service  
SAID we should have boiled water. I ASKED why we weren't  
Notified + WAS told it was on TV. I ASKED WHERE ON TV + WAS told  
"I DON'T know, I DON'T live there"; OTHER TIMES I WAS home  
All day consuming the water. A FRIEND would call LATER in  
the afternoon + Tell me there was a "boil water" sign at  
ONE of the ENTRANCES AND THAT SHE HAD called Aqua + WAS  
told we should have boiled the water. Go out, stay home

JLCCA. We will make copies and send to all  
commissioners. We will also provide  
copies to the Senators and Representatives.

**PETITION - Reference: Docket #100330**

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: Aqua should not be allowed  
to charge more than Pasco County Water.

This current rate is in reality stealing  
and sending these bills should be illegal

They also need to improve the quality of the  
water or turn their customers over to Pasco Water

**PETITION - Reference: Docket #100330**

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: PLEASE CONSIDER TRANSFER OF WATER COMPANIES.

TO PASCO UTILITIES. AQUA WATER IS POOR AND WE

HAVE CHILDREN, FUTURE LEADERS OF TOMORROW, THEY

DO NOT DESERVE TO HAVE WATER THAT SMELLS LIKE FECAL  
MATTER ONE DAY AND THEN THE NEXT HAVE IT HIGHLY CHLORINATED  
WHERE IT BURNS THEIR SKIN. THANK YOU!

Comments: The proposed increase in the water rates is  
outrageous along with no visible improvements. The  
water coming out of the faucets is smelly and disgusting.  
It poses another hardship to the Jasmine Lakes residents.

Comments: Like I wrote to the Fla. Public Serv. Commission

When we moved here over 20 yrs ago we paid 39.00 for everything  
including street lights and garbage. Then we  
started receiving bills more than double. Even though at  
one time we were in Ocala for 4 days. I called Aqua but  
to no avail. I was told what was on the bill I had to pay.  
They put new meters in automaticall read. Then it went to  
over 80.00. They say we use over 45 gal a day. Impossible because  
we have a well and don't need city water for our lawn,

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments: Aqua Utilities  
SUCK!

JLCCA. We will make copies and send to all  
commissioners. We will also provide  
copies to the Senators and Representatives.

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments:

*We supported them long enough & now its payback time.*

us with this increasing problem. Why  
Should we have to suffer with high  
water prices (while on a fixed income).

A neighbor of ours has a home in this  
subdivision with only part of the year  
with no one here and his monthly bill  
(with empty) is basic \$53.00 while not using  
any water at all, while in his other home  
in Timber Oaks with no one there - not using  
any water is only \$16.00 a month. Now what's  
wrong with this picture? This sounds like  
somebody likes MORE money in their pockets  
at our cost. Please help us.

Thank you -

Jackie Bell-Combs

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

commissioners. We will also provide  
copies to the Senators and Representatives.

**PETITION - Reference: Docket #100330**

Attn: Florida Public Service Commission

As a resident of Jasmine Lakes/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Jasmine Lake system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

4. Deny their ability to expand to other systems in the State of Florida.

Comments: I agree the rates are twice  
what other utilities are charging, the water  
is green in color when the sink is filled so it is  
probably got high levels of cloroxyl.

**PETITION - Reference: Docket #100330**

**Attn: Florida Public Service Commission**

**As a resident of Palm Terrace/Port Richey, FL**

**I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.**

**Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.**

**I request that the Public Service Commission:**

- 1. Does not grant them any more increases on rates.**
- 2. Investigate past and present operations in the state of Florida.**
- 3. Investigate the rates of Aqua Water for possible over earnings.**
- 4. Deny their ability to expand to other systems in the State of Florida.**

PETITION - Reference: Docket #100330

Attn: Florida Public Service Commission

As a resident of Palm Terrace/Port Richey, FL

I feel that Aqua Utilities Florida is not a trust worthy company based on their poor Quality of Service, including quality of water, customer service and the affordability.

Aqua's business model is not sustainable, and it would be in the best interest of all parties if they would divest themselves of the Palm Terrace system, and negotiate a sale to Pasco County.

I request that the Public Service Commission:

1. Does not grant them any more increases on rates.
2. Investigate past and present operations in the state of Florida.
3. Investigate the rates of Aqua Water for possible over earnings.
4. Deny their ability to expand to other systems in the State of Florida.

Comments:

Rates way to High
