ORDER SUSPENDING TARIFFS

BY THE COMMISSION:

Background

On April 1, 2011, Florida Power & Light Company (FPL) filed a petition for our approval of revisions to its Underground Residential Distribution (URD) Tariff Sheets Nos. 6.090, 6.095, 6.100, 6.115, 6.120, 6.125, 6.130, and 9.715, and their associated charges. In conjunction, FPL also petitioned for approval of its Underground Commercial/Industrial Distribution (UCD) Tariff Sheets No. 6.520, 6.530, 6.540, and their associated charges. The URD and UCD tariffs apply to new residential and commercial developments and represent the additional costs FPL incurs to provide underground distribution service in place of overhead service.

Rule 25-6.078(2), Florida Administrative Code (F.A.C.), requires investor-owned electric utilities (IOUs) to file updated URD charges for our approval at least every three years, or sooner if a utility's underground cost differential for the standard low-density subdivision varies from the last approved charge by 10 percent or more. The rule requires IOUs to file on or before October 15 of each year a schedule showing the increase or decrease in the differential for the low-density subdivision. On October 15, 2010, FPL notified us, pursuant to Rule 25-6.078(2), F.A.C., that its underground cost differential for the standard low-density subdivision increased from the last approved differential by 23 percent.

FPL's current URD charges were approved by Order No. PSC-10-0578-TRF-EI,<sup>1</sup> issued September 21, 2010. We have jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

#### Suspension of Tariffs

As stated above, FPL filed a petition for our approval of revisions to its Underground Residential Distribution (URD) Tariff Sheets Nos. 6.090, 6.095, 6.100, 6.115, 6.120, 6.125, 6.130, and 9.715. Further, FPL has submitted for our approval proposed revisions to Tariff Sheets No. 6.520, 6.530, and 6.540, regarding construction of underground commercial/industrial facilities.

Pursuant to Section 366.06(3), F.S., we may withhold consent of all or any portion of a new rate schedule, delivering the to the utility requesting such increase a reason or written statement of good cause for doing so within 60 days. We find that our staff needs more time to review the petition and gather all pertinent information in order to provide us with an informed recommendation on these tariffs, and that this is good cause for suspending the tariffs. Therefore, the proposed tariffs shall be suspended.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Florida Power & Light Company's proposed Underground Residential and Commercial Distribution Tariffs and their associated charges shall be suspended. It is further

ORDERED that this docket shall remain open pending our final decision on the proposed tariff revisions.
