**TERRITORIAL AGREEMENT BETWEEN
FLORIDA POWER & LIGHT COMPANY
AND THE CITY OF STARKE**

Section 0.1 THIS AGREEMENT, made and entered into this 27th day of FEBRUARY, 2007, by and between FLORIDA POWER & LIGHT COMPANY, a Florida corporation organized and existing under the laws of the State of Florida (herein called the "FPL"), and the CITY OF STARKE, a municipal corporation created under the laws of the State of Florida (herein called "CITY"); and

Section 0.2 WHEREAS, STARKE, by virtue of its Charter and the Laws of Florida, is authorized and empowered to furnish electricity and power to persons, firms and corporations, and pursuant to such authority, presently furnishes electricity and power to customers in areas within and without the city limits of Starke, Florida; and

Section 0.3 WHEREAS, FPL, by virtue of its Charter and the Laws of Florida, is authorized and empowered to furnish electricity and power to persons, firms and corporations throughout the State of Florida and pursuant to such authority presently furnishes electricity and power to customers in areas within and without the city limits of Starke, Florida, and elsewhere; and

Section 0.4 WHEREAS, the respective areas of service of the parties hereto are contiguous in many places with the result that in the future duplication of service facilities will occur unless such duplication is precluded by a territorial agreement; and

Section 0.5 WHEREAS, the Florida Public Service Commission (herein called the "COMMISSION") has previously recognized that any such duplication of said service facilities by the parties

results in needless and wasteful expenditures, may create hazardous situations, and fails to provide the most economical cost effective service to the utility customer; and

Section 0.6 WHEREAS, the COMMISSION is empowered by Section 366.04, Florida Statutes, to approval territorial agreements; and

Section 0.7 WHEREAS, the parties hereto desire to avoid and eliminate the circumstances giving rise to the aforesaid possible duplications and possible hazards and to that end desire to establish territorial boundaries.

Section 0.8 NOW, THEREFORE, in fulfillment of the purposes and desires aforesaid, and in consideration of the mutual covenants and agreements herein contained, the parties hereto, subject to the approval of the COMMISSION, and subject to the terms and conditions herein set forth, do hereby agree as follows:

ARTICLE I

TERRITORIAL BOUNDARY

Section 1.1 Boundary. The territorial boundary to be observed by both parties is depicted on the map attached hereto as Appendix A.

Section 1.2 Allocation. The area labeled in Appendix A as "CITY", is reserved to the City of Starke as its service territory (as it relates to FPL), and the area labeled in Appendix A as "FPL" is reserved to FPL as its service territory (as it relates to the CITY), with respect to service to retail customers.

Section 1.3 Scope. The parties agree that neither party will provide or offer to provide electric service at retail to customers within the territory reserved to the other party except as provided in Section 2.1.

ARTICLE II

ELIMINATION OF OVERLAPPING FACILITIES

Section 2.1 As a result of the establishment of the boundary herein, certain customer accounts and distribution facilities shall be transferred between the parties to comply with Section 1.3. Until such transfers are accomplished pursuant to Section 2.5, each utility is authorized to continue providing service to those identified customer locations.

Section 2.2 Those customer accounts identified in Appendix B shall be transferred from the CITY to FPL.

Section 2.3 Those customer accounts identified in Appendix C shall be transferred from FPL to the CITY.

Section 2.4 Each party is responsible for making the necessary modifications to its facilities to effect the transfers in Sections 2.2 and 2.3.

Section 2.5 The distribution facilities necessary to effect the transfers required by Sections 2.2 and 2.3, and the identified customer accounts, shall be transferred to the appropriate party within a reasonable period of time, not to exceed two years, after the COMMISSION's final order approving this Territorial Agreement. Transfers of accounts and facilities shall not require further COMMISSION approval.

Notwithstanding the foregoing, the parties recognize that in certain circumstances, economic constraints or good engineering practices may indicate that a customer's end use facilities either cannot or should not be immediately served by the party in whose territorial area they are located. In such situations, upon written request by the party in whose territorial area the end use facilities are located, to the other party, the other party

may agree in writing to temporarily provide service to such customer. If such temporary service lasts, or is expected to last for more than one year, the parties will seek formal approval of the service from the COMMISSION.

If prior to the transfer major repairs to the facilities to be transferred occur before the transfer due to storm damage, then the party which is to acquire those facilities shall pay, upon presentation of appropriate cost information, all capital costs only of the aforesaid repairs. However, before any major storm damage repairs are made, the acquiring party shall be given the opportunity to do the repairs itself, and effectuate the transfer of those storm damage customers at the time of repair. The parties hereto agree to timely notify each other, by letter, of any governmental mandate to relocate, for road modifications, facilities scheduled for transfer, and coordinate the customer transfers to allow the receiving party to carry out the relocation.

Prior to and after transfer of these facilities, it may be necessary for the parties to jointly use certain facilities and FPL and CITY shall enter into, as necessary, an appropriate joint use agreement for those specific facilities. Facilities are to be transferred in good operating condition. Customer meters are not to be transferred. Upon transfer of any facilities, the receiving utility shall be solely responsible for any maintenance, removal, upgrading or improvements to those facilities.

All electric generating plants, transmission lines, substations, distribution lines and related service facilities now or hereafter constructed and/or used by either party in conjunction with its respective electric utility systems, and which are directly or indirectly used or useful in serving Customers of either party shall be allowed to remain where situated and shall not be subject to removal hereunder, PROVIDED, HOWEVER, that each party shall

operate and maintain said lines and facilities in such a manner as to minimize any interference with the operations of the other party.

Nothing herein shall be construed to prevent or in any way inhibit the right and authority of either Party to serve any of its facilities now or hereafter constructed located in the other Party's territorial area, which facility is used in connection with that Party's business as an electric, water, wastewater, natural gas or telecommunications utility, where such service is feasible and does not in any way interfere with or hinder the other Party from serving other customers within their service area in a reliable and cost effective way.

Section 2.6 No provision of this Agreement shall be construed as applying to bulk power supply for resale, or to facilities dedicated to such bulk power supply.

Section 2.7 Customers of transferred accounts shall be subject to the deposit policies of the utility receiving the transferred customers.

Section 2.8 All easements and joint use agreements held by either FPL or the CITY necessary or appurtenant to serving customers transferred pursuant to this Agreement are hereby assigned to the utility receiving the transferred customers.

ARTICLE III

PREREQUISITE APPROVAL

Section 3.1 Regulatory Approval. The provisions of this Agreement are subject to the regulatory authority of the COMMISSION whose approval shall be a prerequisite to the validity and applicability of this Agreement.

ARTICLE IV

DURATION

Section 4.1 Duration. This Agreement shall continue and remain in effect until the COMMISSION, by order, modifies or withdraws its approval of this Agreement after proper notice and hearing. Modification or withdrawal of the COMMISSION's order of approval of this Agreement shall be based upon the finding that modification or withdrawal is necessary in the public interest because of changed conditions or other circumstances not present at the time this Agreement was approved by the COMMISSION. Either party to this Agreement may petition the COMMISSION, consistent with the previous sentence, at any time for modification or withdrawal of the COMMISSION's order of approval of this Agreement.

ARTICLE V

CONSTRUCTION OF AGREEMENT

Section 5.1 Intent and Interpretation. It is hereby declared to be the purpose and intent of this Agreement, in accordance with which all provisions of this Agreement shall be interpreted and construed, to eliminate and avoid needless and wasteful expenditures, and duplication of facilities which would otherwise result from unrestrained competition, between the parties operating in overlapping service areas.

Section 5.2 Annexation. Modification of the boundaries of the City of Starke shall not be grounds for modification of the Agreement under Section 4.1.

Section 5.3 Nothing contained in this Agreement shall preclude the future exercise of any franchise rights the City of Starke may have or hold. Provided, however, that this clause shall not be used as an admission or denial that any such franchise rights exist in the City of Starke.

ARTICLE VI

MISCELLANEOUS

Section 6.1 **Negotiations.** Whatever terms or conditions may have been discussed during the negotiations leading up to the execution of this Agreement, the only ones agreed upon are those set forth herein, and no alteration, modification, enlargement or supplement to this Agreement shall be binding upon either of the parties hereto unless the same shall be in writing, signed by both parties, and approved by the COMMISSION.

Section 6.2 **Other Electric Utilities.** Nothing in this Agreement is intended to define, establish or affect in any manner the rights of either party hereto relative to any other electric utility not a party to this Agreement with respect to the furnishing of retail electric service including but not limited to the service territory of either party hereto relative to the service territory of any other electric utility not a party to this Agreement.

Section 6.3 **Successors and Assigns.** Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon or give to any person or corporation other than the parties hereto any right, remedy or claim under or by reason of this Agreement or any provisions or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and shall be binding only upon the parties hereto and their respective representatives, successors and assigns.

IN WITNESS WHEREOF, this Agreement has been caused to be executed by the City of Starke in its name by its Mayor, and by FPL in its name by its Vice President, on the day and year first above written.

5 Re: FPL Electrical Service Address [REDACTED]

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	386-754-2022 or 1-800-482-0561
City of Starke	Ricky Thompson	904-984-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Dave Cobb
North Florida External Affairs Manager

Florida Power & Light Company, 2618 NE Bassett Norris Drive, Lake City, FL 32055

5 Re: FPL Electrical Service Address [REDACTED]

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	388-754-2022 or 1-800-462-0561
City of Starke	Ricky Thompson	904-964-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Dave Cobb
North Florida External Affairs Manager

5 Re: FPL Electrical Service Address -- [REDACTED]

Dear Customer,

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	386-754-2022 or 1-800-462-0561
City of Starke	Ricky Thompson	904-964-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Dave Cobb

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	386-754-2022 or 1-800-462-0561
City of Starke	Ricky Thompson	904-964-5027

Some of you may have been notified of this agreement previously. If you previously provided comments, they have been retained and you do not need to provide them again. We respectfully request that your contact be no later than April 28, 2010.

Sincerely,

Dave Cobb

5 Re: FPL Electrical Service Address [REDACTED]

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

J Re: FPL Electrical Service Address [REDACTED]

Dear Customer,

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	388-764-2022 or 1-800-462-0661
City of Starke	Ricky Thompson	904-964-5027

Some of you may have been notified of this agreement previously. If you previously provided comments, they have been retained and you do not need to provide them again. We respectfully request that your contact be no later than April 28, 2010.

Sincerely,

Dave Cobb

5 Re: FPL Electrical Service Address [REDACTED]

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from FPL to the City. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	386-754-2022 or 1-800-462-0561
City of Starke	Ricky Thompson	904-964-5027

Some of you may have been notified of this agreement previously. If you previously provided comments, they have been retained and you do not need to provide them again. We respectfully request that your contact be no later than April 28, 2010.

Sincerely,

Dave Cobb
North Florida External Affairs Manager

Mark & Jessica Whittemore

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FP&L. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL
City of Starke

Dave Cobb
Ricky Thompson

386-754-2022 or 1-800-462-0561

Dear Customer:

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FP&L. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL	Dave Cobb	386-754-2022 or 1-800-462-0561
City of Starke	Ricky Thompson	904-964-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Ricky Thompson

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FP&L. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

Dear Customer ;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FP&L. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

Dear Customer ;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FP&L. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL
City of Starke

Dave Cobb
Ricky Thompson

386-754-2022 or 1-800-462-0561
904-964-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Ricky Thompson
City Operations Manager

City Of Starke

Dear Customer ;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FPL. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL
City of Starke

Dave Cobb
Ricky Thompson

386-754-2022 or 1-800-462-0561
904-964-5027

We respectfully request that your contact be no later than April 17, 2009.

Sincerely,

Ricky Thompson

Dear City of Starke Electric Customer:

As you are probably aware, the City of Starke provides electric utility service to the majority of the residents of the City of Starke. There are some residents, though, who may have electric utility services provided by a different utility such as Florida Power and Light (FP&L).

The City of Starke has been working with FP&L to specifically define which areas of the City will be provided electric utility services by the City of Starke and which will have electric service provided by FP&L. The conclusion of this negotiation is a Territorial Agreement between the City and FP&L which is about to be submitted for approval by the State of Florida Public Service Commission (PSC).

Enclosed with this letter you will find a summary of the electric utility rates charged by the City of Starke and FP&L. This information is designed to inform you about how the proposed change in electric utility service providers will affect what you pay for electric utility service. Should you have any additional questions or concerns, please feel free to contact either:

Ricky Thompson of the City of Starke at (904) 964-5027; or

Dave Cobb of FP&L at (386) 754-2022 or 1-800-462-0561

It is possible that you received a notification of this proposed agreement on a prior occasion. If, at that time, you provided comments to the City or FP&L, those comments have been retained and there is no need for you to provide them again.

We respectfully request that you contact either the City or FP&L by April 28, 2010.

Sincerely,

Ricky Thompson
Operations Manager

[REDACTED]

Dear City of Starke Electric Customer:

As you are probably aware, the City of Starke provides electric utility service to the majority of the residents of the City of Starke. There are some residents, though, who may have electric utility services provided by a different utility such as Florida Power and Light (FP&L).

The City of Starke has been working with FP&L to specifically define which areas of the City will be provided electric utility services by the City of Starke and which will have electric service provided by FP&L. The conclusion of this negotiation is a Territorial Agreement between the City and FP&L which is about to be submitted for approval by the State of Florida Public Service Commission (PSC).

Enclosed with this letter you will find a summary of the electric utility rates charged by the City of Starke and FP&L. This information is designed to inform you about how the proposed changes in electric utility service providers will affect what you pay for electric utility service. Should you have any additional questions or concerns, please feel free to contact either:

Ricky Thompson of the City of Starke at (904) 964-5027; or
Dave Cobb of FP&L at (386) 754-2022 or 1-800-462-0561

It is possible that you received a notification of this proposed agreement on a prior occasion. If, at that time, you provided comments to the City or FP&L, those comments have been retained and there is no need for you to provide them again.

We respectfully request that you contact either the City or FP&L by April 28, 2010.

Sincerely,

Ricky Thompson
Operations Manager

Dear City of Starke Electric Customer:

As you are probably aware, the City of Starke provides electric utility service to the majority of the residents of the City of Starke. There are some residents, though, who may have electric utility services provided by a different utility such as Florida Power and Light (FP&L).

The City of Starke has been working with FP&L to specifically define which areas of the City will be provided electric utility services by the City of Starke and which will have electric service provided by FP&L. The conclusion of this negotiation is a Territorial Agreement between the City and FP&L which is about to be submitted for approval by the State of Florida Public Service Commission (PSC).

Enclosed with this letter you will find a summary of the electric utility rates charged by the City of Starke and FP&L. This information is designed to inform you about how the proposed change in electric utility service providers will affect what you pay for electric utility service. Should you have any additional questions or concerns, please feel free to contact either:

Ricky Thompson of the City of Starke at (904) 964-5027; or

Dave Cobb of FP&L at (386) 734-2022 or 1-800-462-0561

It is possible that you received a notification of this proposed agreement on a prior occasion. If, at that time, you provided comments to the City or FP&L, those comments have been retained and there is no need for you to provide them again.

We respectfully request that you contact either the City or FP&L by April 28, 2010.

Sincerely,

Ricky Thompson
Operations Manager

Dear Customer;

Electric Service in the City of Starke is provided in some areas by Florida Power & Light Company (FPL) and in some areas by the City of Starke (City). In the past there have been no clearly defined boundaries specifying the areas served by each of these utilities.

In order to reduce facility congestion, avoid unnecessary duplication of facilities, and enhance system planning, FPL and the City have entered into an agreement which specifically defines the territory to be served by each utility.

Under the terms of the agreement, which will be submitted to the Florida Public Service Commission for their approval, your electric account will be transferred from the City to FPL. Although the exact time frame for the transfer of your account has not been determined, by the agreement, the transfer will occur within two years after the approval of the agreement.

The attached information provides you with a summary of the rates currently charged by FPL and the City. If you would like more information on how this change will affect your bill or if you have any other questions or concerns, please feel free to contact either of the following individuals:

FPL
City of Starke

Dave Cobb
Ricky Thompson

386-754-2022 or 1-800-482-0561
804-964-6027

We respectfully request that you make contact within 21 days.

Sincerely,

Ricky Thompson
