Nuclear Power Plant Cost

Recovery Clause

Docket No. 110009-EI

Submitting for filing: August , 2011

AFFIDAVIT OF JOHN ELNITSKY IN SUPPORT OF PROGRESS ENERGY FLORIDA, INC.'S REVISED TWELFTH REQUEST FOR CONFIDENTIAL CLASSIFICATION

STATE OF FLORIDA

**COUNTY OF PINELLAS** 

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared John Elnitsky, who being first duly sworn, on oath deposes and says that:

- 1. My name is John Elnitksy. I am over the age of 18 years and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification regarding portions of its responses to the Office of Public Counsel's ("Citizens") Fifth Set of Interrogatories (Nos. 61-177), specifically numbers 66, 90, and 127, and documents produced in response to number 142, and Citizens' Fifth Request for Production of Documents (Nos. 27-36), specifically numbers 27, 28 and 29, (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.
- 2. As Vice President of New Generation Programs and Projects, I am responsible for the licensing and construction of the Levy Nuclear Project ("LNP"), including the direct management of the Engineering, Procurement, and Construction Agreement ("EPC Agreement") with Westinghouse and Shaw, Stone, & Webster (the "Consortium").
- 3. PEF is seeking confidential classification of portions of its responses to Citizens' Fifth Set of Interrogatories (Nos. 61-177), specifically numbers 66, 90, and 127, and documents produced in response to number 142, and Citizens' Fifth Request for Production of Documents (Nos. 27-36),

specifically numbers 27, 28 and 29. A detailed description of the confidential information at issue is contained in confidential Attachment A to PEF's Request and is outlined in PEF's Justification Matrix that is attached to PEF's Request as Appendix C.

- 4. The Company is requesting confidential classification of this information because it contains proprietary and confidential information received from third-party vendors under pursuant to contractual agreements with those vendors. Those agreements contain non-disclosure provisions that limit the use and forbid the dissemination of the information. The disclosure of this would impair the Company's ability to contract on favorable terms, or at all, for such information. The Company and its customers would be harmed if PEF were not able to contract for the use of this information on favorable terms.
- 5. Also included in the responses are presentations and other meeting materials provided to the Company's Senior Management Committee. This material includes proprietary confidential information that is not disseminated outside of Senior Management and other employees who need the information to perform their jobs. This information contains confidential and proprietary information including strategic scenario planning and "what-if" scenarios surrounding potential environmental regulations. The public release of this sensitive information would put the Company at a competitive disadvantage when competing, or attempting to contract, with other parties, and would provide other parties with valuable insight into the Company's strategic planning process. Also contained in these presentations is competitively sensitive financial and future forecast information. Publication of this information would provide PEF's competitors and those that PEF would wish to contract with valuable insight into the Company's strategic planning. Without the Company's measures to maintain the confidentiality of the negotiation process, the Company's efforts to obtain competitive contracts could be undermined to the detriment of PEF and its ratepayers. Furthermore, dissemination of this

information in many cases would violate contractual confidentiality provisions, most notably the provisions of the LNP EPC Agreement.

- 6. Upon receipt of all this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company. At no time has the Company publicly disclosed the information at issue. The Company has treated and continues to treat the information at issue as confidential.
  - 7. This concludes my affidavit.

Dated this 26 day of Aug 2011.

Further affiant sayeth not.
