COMMISSION  
CLERK

Mr. Robert Simpson  
Florida Public Service Commission  
2540 Shumard Oaks Blvd.  
Tallahassee, FL 32399  
RE: Docket #100471-SU

This letter is to submit a request to the Commission to not close Docket #100471-SU. The major items included in this docket were the cleansing service to the settlement pond and that part of our obligation has been completed. The requirement to examine the collection system by camera has been completed and other electrical and pump items have been replaced as needed. All functions of the plant are operating properly.

We request Docket 100471-SU be held open and extend the completion date to November 1, 2014, which will give us time to complete the replacement of blowers. The blowers in use are serviced properly and in a timely manner and they are performing their function as is needed.

We regret additional time is needed, we expect the last two items of this docket to be completed on or before November 1, 2014.
