RE: DOCKET NO. 140057-EI – PETITION FOR APPROVAL OF 2014 NUCLEAR DECOMMISSIONING STUDY, BY DUKE ENERGY FLORIDA, INC.

DEF'S SUPPLEMENTAL RESPONSES TO DATA REQUEST 2, NO. 6

SERVED: JULY 28, 2014

Data Requests

For the purposes of the following request, please refer to DEF's responses to Staff's First Data request, Nos. 51 and 54. Is staff correct to assume that the balances of \$51 million for EOL M&S and \$249 million for Last Core of Nuclear fuel will not increase? As in, are these amounts (gross of any salvage) considered final? If not, please explain how these two inventory amounts may increase.

SUPPLEMENTAL RESPONSE:

The balances of M&S and Nuclear Fuel will increase for purposes of managing inventory sales as well as payments for final nuclear fuel contract obligations.

However, these increases will be partially or fully offset by potential sales of M&S inventories or sales of nuclear fuel.
