RE: Docket No. 130223-EI; Petition for approval of optional non-standard meter rider by Florida Power & Light Company
Request for Confidential Classification: Document No. 04945-14

On September 4, 2014, Florida Power & Light Company (FPL) filed a request for confidential classification for Document No. 04945-14. The submission contains information provided in response to Intervenor Martin et al.'s Amended First Set of Interrogatories, Nos. 24 and 37 in the subject docket. In the document materials, the information for which FPL seeks confidential treatment relates to information concerning bids or other contractual data and information relating to competitive interests. Staff has reviewed the documents and concurs with FPL that the nature of the information meets the requirements set forth in Sections 366.093(3)(d) and (e), Florida Statutes, whereby disclosure of the information would impair the efforts of the utility to contract for goods or services on favorable terms and would harm utility customers' competitive business operations.

Therefore, staff recommends that FPL's request for confidential classification of Document No. 04945-14 be approved.
