Re: Docket No. 140135-WS - Application for increase in water and wastewater rates in Pasco
County by Labrador Utilities, Inc.
Our File No. 30057.216

Dear Ms. Stauffer:

The Staff has asked that Labrador Utilities, Inc. provide an update on the status of the pro forma projects included in this Docket.

- (1) the odor control project is completed and in service;
- (2) the rotary drum screen was replaced and is now in service;
- (3) as for the WTP ground storage tank, the bid process was completed in January as anticipated in our response to Staff Data Request 1 #10. Those bids are being compiled and will be provided to staff shortly. This project is scheduled to be completed by the end of June 2015.

Labrador Utilities, Inc. will provide additional invoices to staff regarding the three project expenditures as they receive and process them.

Please feel free to contact me if you have any questions or concerns.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'Martin S. Friedman', is written over a white background.
