MEK

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In Re: Natural Gas Conservation)
Cost Recovery Clause.)
_____)

Docket No. 150004-GU

Filed: March 6, 2015

**REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION**

Florida City Gas (“FCG” or “the Company”), pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, hereby submits this Request for Extension of Confidential Classification for certain material that was provided to the Florida Public Service Commission (“Commission,” “PSC,” or “Staff”) in connection with FCG’s Natural Gas Conservation Clause (“CCR”) Audit for the year ended December 31, 2012 (Audit No. 13-004-4-2), which was previously granted confidential classification by Order No. PSC-13-0399-CFO-GU, issued August 29, 2013 (Referenced Document Nos. 04292-13 and 04237-13). In support of this Request, FCG states as follows:

1. The highlighted information in the referenced audit workpapers includes contract terms and related invoices, which FCG is still required to maintain as confidential in accordance with the subject contracts. More specifically, the contracts are with the Georgia Tech Research Corporation and with Resource Solutions. The Georgia Tech contract pertains to development of a new natural gas application with the context of FCG’s approved Research and Development conservation program. FCG contracts with Resource Solutions for management of its conservation programs. As asserted in the Company’s original Request, filed July 25, 2013, the public disclosure of the specific terms and invoices associated with these contracts would not only breach the terms of the referenced agreements, but would impair FCG’s ability to contract for similar services in the future at reasonable terms and rates. Therefore, this information

continues to meet the definition of “proprietary confidential business information” as set forth in Section 366.093(3), Florida Statutes, which provides:

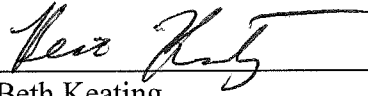

- (3) Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person’s or company’s business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes, but is not limited to:
- (a) Trade secrets.
 - (b) Internal auditing controls and reports of internal auditors.
 - (c) Security measures, systems, or procedures.
 - (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

The audit workpapers contain information, which has been treated by FCG as private and has not been publicly disclosed. As such, the Company requests that the Commission continue to protect the highlighted information included in the referenced Staff Audit workpapers.

2. FCG therefore seeks continuing confidential treatment of the identical specific information afforded confidential classification by Order No. PSC-13-0399-CFO-GU.

3. Pursuant to Section 366.093(4), Florida Statutes, and Rule 25-22.006(9), Florida Administrative Code, FCG requests that the information described above as proprietary confidential business information be protected from disclosure for an additional period of at least 18 months and asks that all information be returned to the Company as soon as the information is no longer necessary for the Commission to conduct its business.

RESPECTFULLY SUBMITTED this 6th day of March, 2015.
