VOTE SHEET

FILED APR 16, 2015  
DOCUMENT NO. 02137-15  
FPSC - COMMISSION CLERK

Docket No. 130209-SU – Application for expansion of certificate (CIAC) (new wastewater line extension charge) by North Peninsula Utilities Corp.

**Issue 1:** Should North Peninsula Utilities Corporation’s proposed territory amendment and main extension charge be approved?

**Recommendation:** No. The application fails to demonstrate a need for service in the territory requested. Therefore, the application does not appear to be in the public interest and should be denied. Denial of the application obviates the need for a main extension charge. The service availability policy should be revised to reflect that there are no service availability charges because the plant is fully depreciated.
