STAFF'S SECOND DATA REQUEST

RE: Docket No. 150087-EG- Petition for approval of modifications to demand-side management plan by JEA.

Dear Mr. Perko,

By this letter, the Commission staff requests that JEA (utility) provide responses to the following data requests.

1. For each of the company's audit programs (residential and commercial), please state the per-customer kWh reduction assigned to each of the promoted measures listed below. If a kWh reduction is not assigned by these measures, please describe how the kWh reduction per audit participant was calculated.

	Residential Audit Behavioral Measures	kWh
1	Set water heater temperature 10°F cooler where applicable.	
2	Wash in cold water	
3	Set cooling space temperature setpoint warmer where applicable.	
4	Set heating space temperature cooler where applicable.	
5	Set back HVAC temperature when no one is home	
6	Clean HVAC filter & coils if practical	
7	Clean refrigerator condenser coil	
8	Use manual dry settings on dishwasher	
9	Set freezer temperature setpoint 1°F warmer where applicable	
10	Unplug phantom loads	
11	Turn-off lights & ceiling fans when not in use.	
12	Turn-off computers, printers & monitors when not in use.	
13	Dry clothes outside on clothes line when possible	
14	Use curtains & shades to reduce cooling loads	

	Commercial Audit Behavioral Measures	kWh
1	Set water heater temperature 10°F cooler where applicable.	
2	Set cooling space temperature warmer where applicable.	
3	Set heating space temperature cooler where applicable.	
4	Set back HVAC temperature when unoccupied	
5	Clean HVAC filter & coils if practical	
6	Turn-off lights & ceiling fans when not in use.	
7	Turn-off computers, printers & monitors when not in use.	

2. How does JEA estimate the kWh reduction by customer class from each promoted measure?
