CONSUMER COMMENTS

Due to the fact I open and close for several Snowbirds here. It came to my attention one of the new neighbors didn't realize they had to call the water company as I turned the water on and off at the house. No one is reading our meters on a regular basis. They were only charged the minimum rate for 2 yrs. I conserve by collecting rain water and using it in my bathroom and washer. Also to wash my vehicle and water plants. Yet my water bill is higher than others in my neighborhood as to 98 one month and 68 the next. Refer too - These ARE NOT actual readings
Now they want to raise our bills?
