Hello Ms Kelley,

As an addition to our previous correspondences, I would like to let you know, Wiley Pratt and I are still working to have more quotes from the suppliers regarding repairs and for the necessary improvements already submitted in our rate case application.

Based on the next 10 days development of this area we will contact the Engineering Department to come to a realistic solution of those issues.

I will call you in a few days to give you a chance to read all the latest correspondences sent.

Of course I am always available to you any time to discuss any of your thoughts or concerns.

Best regards,

Leslie Szabo
