Clayton,
Please see the attached schedule of values for the upgrades at the Alturas water plant. Let me know if you need anything further.

Thanks,

Chris Creech

Subject: FW: Request for detail - proposals #6225 and #6227 for Alturas Utilities

Mr. Creech,

Per our conversation, staff at the Florida Public Service Commission needs more detailed information for two quotes Utility Technicians provided Alturas Utilities. (reference proposals #6225 and #6227). Alturas has requested a Staff Assisted Rate Case and provided the proposals as upcoming expenses for their plant operation and maintenance.

From the proposals, we need the individual material and labor cost per each item.

Example:

Saddles	Materials/Parts Cost	Labor
Foundation	Materials/Parts Cost	Labor
Hoisting the Tank	Materials/Parts Cost	Labor (includes disconnecting and reconnecting piping)

This information will allow staff to place each item and cost in the appropriate National Association of Regulatory Utility Commissioners (NARUC) system of accounts (depreciation schedules) to calculate the correct revenue requirement and rates for the utility.

Thank you
