Good afternoon Delores,

I received the Inventory of Confidential Documents that was filed yesterday with the Clerk's office. I was updating the confidential documents in CMS and I have a couple of concerns. On page 34 DNs 06732-14 and 01437-15 was marked 'retain', however on page 35, DNs 06732-14 and 01437-15 was marked 'return'. I was wondering if I have to return the document or retain it.

I am attaching the pages to this email. Please let me know so that I know what to do with the documents listed above.

Thank you,

Angela Charles
