Re: Docket Number 150230

To whom it may concern:

We are long term residents of Myrtle Lake Hills and have lived with well water for these many years. The possibility of having access to public water is quite appealing to us and the proposal Utilities Inc. presented seemed quite flexible and fair and far more workable and affordable than an earlier option presented to us by Seminole County.

For Utilities, Inc. to move forward with its plan to provide water to Myrtle Lake Hills it is our understanding that Myrtle Lake Hills' community service area must be transferred from Seminole County's service area to a service area of Utilities, Inc. Further, it is our understanding that Utilities, Inc. has applied to Florida Public Service Commission for that transfer.

We would like to take advantage of public water and are in support of that transfer request.

Sincerely,

Kevin DeSanctis
