Subject: RE: DEF & Clay Elec. Co-op T.A.; DN 150252

Good afternoon Don –

We've checked and Clay Elec. has not received any additional inquiries. DEF did receive one inquiry from a customer who has two accounts that would be transferred to Clay under the terms of the Agreement; the customer was calling to confirm that the notice was legitimate and originated from Duke Energy (i.e., that it was not some sort of scam). The customer did not voice any other concerns. Thanks, and please let me know if you need anything further. Matt

Hi, Matt. Our regular Commissioner briefings are next week for the subject docket item. If you would, please let me know if there are any updates to the information in your email below regarding whether Duke and Clay have received any customer responses either for, against, or neutral. If you could get back with me by midday on Tuesday, 2/23/16, that would be great. Thanks and have a good weekend,

Good afternoon Don -

You'd asked me to provide update regarding any customer feedback either DEF or Clay had received since the filing of the petition in this docket. I have checked and DEF has not received any feedback, questions or concerns from customers. I do understand that Clay Elec. has received two inquiries from customers, but that those customers expressed no opinion, either for or against, the proposed agreement; rather they were simply seeking additional information. As I stated to you on the phone, we will provide an additional update the last week of February.

Thanks, Matt
