Our File No. 47016.04

Dear Chairman Brown:

This is a follow up to my March 23, 2016 letter requesting approval of a December 31, 2015 historic test year. Staff has requested that the Utility provide an estimate of the amount of the anticipated pro forma expenses.

Specifically, the Company will request pro forma annual expenses for additional bookkeeping of approximately \$10,000, a meter replacement program of approximately \$27,600, additional engineering services to comply with regulatory requirements of approximately \$6,750, and a hydrant maintenance program of approximately \$2,300.

Should you or members of the Staff have any questions regarding this request, please do not hesitate to contact me.

Very truly yours,
