Thank you for the opportunity to voice my concerns. I'm new to FL and Summer tree. I've invested a great deal of my hard earned retirement funds, which I did before I realized how horrible the water is. Restaurants who serve bad food are shut down and ultimately go out of business. Water is no different. I can choose not to go to a bad restaurant, but I cannot choose, right now, to go to a different company for my water. That's wrong. UF should be fined and made to cut up their right to provide our water as compensation for years of making a profit while providing hazardous water. Please allow us to connect to Pasco County, and allow us to have them as our service provider.
