Issue 2: Should UIF's current NSF charge be applied to all of UIF's systems?

Recommendation: Yes. UIF's request to uniformly implement a NSF charge should be approved. Staff recommends that UIF revise its tariffs to reflect the NSF charges currently set forth in Section 68.065, F.S. UIF should be required to file a proposed customer notice to reflect the Commission-approved charge for those systems where the charge is not currently approved. The NSF charges should be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C. Furthermore, the charges should not be implemented until staff has approved the proposed customer notice. The utility should provide proof of the date the notice was given within 10 days of the date of the notice.

Issue 3: Should this docket be closed?

Recommendation: If Issue 1 and 2 are approved, the docket should remain open for staff's verification that the revised tariff sheets and customer notice have been filed by the utility and approved by staff. If a protest is filed within 21 days of the issuance date of the Order, the tariff sheets should remain in effect with all charges held subject to refund pending resolution of the protest. If no timely protest is filed, a consummating order should be issued and, once staff verifies that the notice of the charges has been given to customers, the docket should be administratively closed.
