Subject: RE: FPL Rate increase request

Good morning Mr. Pivko,

We will be placing your comments below in consumer correspondence in Docket No. 160021-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Collin D. Roehner
Commission Deputy Clerk I
Office of Commission Clerk
Florida Public Service Commission

Subject: FPL Rate increase request

I strongly oppose this request on the basis that no funds will be available towards renewable energy sources.

I relocated from New Jersey a few years ago where there is a robust funding mechanism for energy conserving devices such as solar photovoltaic systems. It makes financial sense for a residential or commercial owner to install energy saving devices and receive a reasonable return on investment.

Without these options, FPL will continue to act as a monopoly with their business plan. For example, purchases of out of state solar farms rather than capitalizing on what we think of Florida as "the sunshine state".

Sincerely,

Peter C Pivko, AIA
