Subject: Docket # 160021-E1

I would like to voice my objection to the exorbitant rate increase request by Florida Power and Light. I would ask that the Commission consider the plight of so many of us senior citizens who depend on social security for our sole income before granting this request.

Please take into consideration that the Federal Government has once again deemed it unnecessary to grant us a cost of living increase for this year. In view of that, I find it hard to believe that a company such as FPL, (a monopoly in my part of the State) who has thousands of senior customers could ever request such a unjustifiable increase.

Again, please add my name to the list of Florida residents object to this unjust increase.

Thank you.

Sincerely,  
Noreen Howard
