**Subject:** FPL Rate Increase - Docket No. 160021-EI

Dear Ms. Hall:

Thank you for contacting the Florida Public Service Commission (PSC) about Florida Power & Light Company's (FPL) rate petition. To give Commissioners and staff an opportunity to review your comments, your correspondence is included in the file for Docket No.160021-EI.

As you know, the PSC customer service hearings were held in June in FPL's service territory for Commissioners to hear directly from customers about the utility's rate request and service. All customer comments during the hearings and all correspondence will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on FPL's proposed rates.

The PSC's evidentiary hearing on FPL's rate case will be in August in Tallahassee. Witnesses from the utility, intervenors, Commission staff, and the Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. Commissioners will examine FPL's need for a rate increase, its existing and proposed rate structure, and its ability to provide safe and reliable service.

Commissioners are charged with making sure that Florida's utility companies fulfill their service obligation. The PSC will ensure that final customer rates reflect only those costs that are prudent and necessary for FPL to deliver quality electric service to your home or business. Any proposed rate adjustment is requested to begin in January 2017.

If you have additional questions or need further assistance, please call 1-800-342-3552. If you want updated case information, visit the PSC's website, [www.floridapsc.com](http://www.floridapsc.com) and click on the Clerk's Office tab, then hit Dockets and type in case number 160021.

Sincerely,

**Subject:** FPL Increase

I am new to the state of Florida. I moved down here from PA at the encouragement of my sister. She has lived here many years and assured me retirement would be less expensive in Florida. Now I'm hardly here a month and the FPL rates are being increased by quite a bit. As a new retiree, this certainly concerns me. Before you allow this increase to go through, remember the incomes of so many Floridians. They are fixed and most have little or no opportunity to increase their income to pay their Power and Light bill. Think about who you serve before allowing this to go through.

*Thank you,*  
Rosaleen Hall
